Merry Christmas!

"And having been warned in a dream not to return to Herod, they departed for their country by another way." (Mt:2:12)

Dear Friends,

It's with great joy and happiness I wish you a Merry Christmas and a Happy New Year for the first time.

Advent is a journey for us like the Magi, looking for Jesus around us and to offer him the best gift of ourselves. The Magi returned to their country by another way. They did not want to be trapped by the King Herod.

We have been preparing for this Christmas in many ways, even in the midst of the pandemic. As a parish community, we did our best to bring joy and peace to many people around us, by various activities. We made our personal preparations for Christmas as well. Let us walk with him during this Christmas season and in the coming year, proclaiming the marvelous deeds of God to a world in need of His love.

The one message I would like to share with you for Christmas, is this, that each encounter we have with Jesus should help us to take another way in our lives, avoiding the ways which may endanger the presence of the Lord in us. Let us teach our children, that the encounter with Christ, will change their lives and help them to take a different route to make their lives better.

I would like to thank you all for your help in keeping our church active with all the possible ministries during the pandemic. Let us look forward with hope, to a bright and normal new year.

Wishing you and your family Merry Christmas and a Happy New Year.

In Christ's love,
Fr. Thomas Vathappallil
