Schedule For The Week

Sunday, June 13:

~The Most Holy Body and Blood of Christ~

Monday, June 14:

- Flag Day

Saturday, June 12:

~St. Romuald~

- Confessions heard in church from 3 to 4 p.m.

St. Mary's Catholic Church Adoration Chapel

St. Mary's Adoration Chapel has two unassigned/ vacant hours: Friday 11 a.m. – 12 p.m. and Sunday 10 a.m. - 11 a.m.

Would you be willing to take one of these hours, on a "trial basis" or "temporary substitute" basis until a permanent assignment can be made? Then, when we get a permanent person, you can decide whether you want to stay on as a prayer partner, take a different hour, be a substitute, or relinquish the hour you so generously tried out. Simply call Ann Campbell at (505) 801-7090 for more information. Only six persons are allowed in the chapel at one time, with assigned persons having priority.

From the Pastor's Desk

Dear Friends in Christ,

Life rarely turns out exactly as we wish it would! It has a way of twisting and turning on us and I think over the years we learn to deal with those twists and turns.

There is an old grandfather clock in the rectory and it began to simply stop even though I have wound it correctly for the last 27 years. So I called in the son of the man who used to take care of it. The old man passed away a few years ago and now his son has taken his place.

So the son looked it over one Saturday morning and told me that it needed a new doo-hickey. It was a technical term I don't recall so doo-hickey will have to do.

OK, I said, go ahead and order it because this is the rectory clock and I need to get it fixed. The man said the piece would come in within about two weeks.

Two weeks passed and I heard nothing. I let another week pass and then I called the clock repairman. "Oh, Father, I'm glad you called me. I was just about to call you." (Haven't we all heard that story before?)

He went on to explain that he had run into a problem on the doo-hickey. It seems (and I can't make this up) that the little doo-hickey for the clock which wasn't very expensive or too technical was on a ship and it, along with a few other items, fell off the ship.

"How is that possible?" I asked the nice man.

"Well, I've never heard it happening before. It just fell off the ship and so it is at the bottom of the ocean. So I have ordered another doo-hickey, but it will have to be another two weeks. I promise you I will call you when it arrives."

I could easily say, "Man, I have all the luck!" Or I could say, "I'm angry because this part should not have fallen off the ship and into the ocean." Or I might lament that I should have been told this earlier. But that old grandfather clock has been ticking off second by second, minute by minute, hour by hour for many, many years and is actually working fine with the old doo-hickey, so what is there to complain about.

Well, there is one thing: the clock maker straightened the old clock which on the carpet was leaning too much and therefore throwing off the time. But in doing so, now the door to the weights of the grandfather clock keeps opening. So now I have a couch pillow leaning against the door until the doo-hickey from across the ocean comes in so that the nice man can replace it. And he has an added chore: to fix the lock on the door so that the door doesn't hang open.

I'm just hoping that part can be bought at a local hardware store!

The twists and turns of life – even concerning a grandfather clock – can either drive us crazy or we can buck up and understand that life isn't a straight line. There are many subtle and not-so-subtle turns. Patience, St. Teresa of Avila once said, "attaineth to all things".

Patience is not my best virtue, but I'm learning. I'm learning.

Sincerely in Christ,
Rev. Timothy W. Farrell
Pastor

Holy Masses This Week

SATURDAY, Vigil Mass ..... June 12
4:30 p.m..... +Birthday for Gus Coleman by Barbara Coleman
