### What is Christology?

Our present DVD series for Lent is focusing on Christology. Simply put, it is the study of our understanding of who Jesus was through the centuries. Didn't the early Christians believe the same things about Jesus that we moderns do? As we can see when we read the gospels, those who were present in the crowds that surrounded Jesus had a variety of opinions as to who He really was. Over the preceding years a number of opinions had developed as to what the Messiah would be like. Some pictured someone that was a warrior that would defeat whoever was their conqueror at the time. Others pictured a political leader from the House of David. Still others a priestly leader.... It was with these pre-conceptions that they listened to Jesus and judged Him. Jesus plainly did not fit in with their pre-conceptions. Also, He claimed to be the Son of God. How could He be both divine and human? Explanations of this tremendous mystery would cause many debates through the centuries.

How would **you** explain in practical terms that combination of the humanity and divinity in Jesus?
