FROM THE PASTOR:

Holy Family Shows Itself to be “Generous Family” Once Again!

Your response to the **Michael and Mary LaLoggia Charitable Foundation’s \$50,000 match** for a new fire alarm system in our school is truly breathtaking. With the deadline of the end of the year now passed, I can report to all of you the total amount raised. I am pleased to announce that, counting the initial \$50,000 match, the total raised was **\$183,784**. Our principal, Cori Gendron and I were especially touched by one school family that anonymously gave \$50,000. No amount was too small and any gift, especially those given from the heart, are much appreciated. So thank you to all those who contributed to this.

I will keep you posted on the progress of the system as we get ready to put it out for bid and then later install it. As I mentioned when we began this fundraising effort, should we have excess funds to cover the cost of the new system, we will place that extra amount in our school maintenance fund.

I think the generous outpouring in part has to do with the cause it was associated with. There is a real and genuine desire by all of you to keep our Catholic schools viable and equip them with the best equipment, whether that’s the latest in technology, such as an IPAD or Chromebook for each student, or its infrastructure improvements, such as our new boiler or this fire alarm system.

We all know that demographics are working against us—not just the smaller family size, but the exodus out of Illinois that has led to shrinking enrollments and many school closings. Our efforts and keeping our enrollment steady during this Covid crisis is in some ways a victory, but we ought not to be satisfied with that. And we are not. Cori and I would still like to see an increase in enrollment and will continue to come up with aggressive and creative ways to draw interest in Holy Family School. Not having to stress about big ticket items like the fire alarm system will go a long way towards allowing us to focus on the learning that is going on in the classroom and how we can improve that and our Catholic identity in the school.

In two short weeks we will begin *Catholic Schools Week*, a time for us to rejoice and celebrate our Catholic identity in the schools. With the craziness and agendas that are being pushed in our public schools, it is even more critical now than ever that our Catholic parents do all they can to send their kids to Holy Family School. I know that for many of you, finances is the biggest barrier. I want to encourage you meet with our principal, Cori Gendron, take a private tour and see if there is a way to make it work.

Catholic Schools Week is a great time to re-evaluate the decision of where to send your children and see if in fact your kids can make the switch. You can rest assured that what you teach your kids in the home will not be undermined, but only enhanced by what they pick up at our school. Finally, I would not underestimate the importance of your children being together with like-minded students whose parents are on the same page with you. It can go a long way towards reinforcing the positive messages we wish our kids to learn and live out every day.

Thanks again for your continued generosity and for sacrificially giving to Holy Family as we live out our motto of “Building Community, Making Disciples.”

Ad Majorem Dei Gloriam,

Fr. Kaim, S.T.L.

Molokai Movie Night!

Join Fr. Kaim Friday, January 21 at 6:30 PM for Movie Night in the parish hall! We will be showing the movie: **Molokai—The Story of Fr. Damien**. This is the true Story of Fr. Damien, a Belgian priest who risked his life to help the people no one else would touch.

In 1872, Fr. Damien, a young Catholic priest served as a missionary on the island of Molokai, Hawaii and worked and lived in a colony for victims of leprosy.

This canonized saint's story is truly amazing and inspiring for us all! This is a BYOB event. Bring any food or beverages that you would like. PS— For those of you who will be traveling on pilgrimage to Hawaii with Fr. Kaim in April, there is an information meeting at 6pm prior to the movie. Contact

RESPECT LIFE

respect • love • protect

I placed my son for adoption 20 years ago. Words cannot describe what I felt when we met. - Elisa Fucci, www.liveaction.org, "The day of the adoption came. I found myself holding my baby, filled with confusion, indecision, and doubting myself, about to sign all my rights away to someone I hardly knew but who wanted a son so desperately. I had to step back and pray because I could not physically sign the papers in the state of confusion and despair. As I passed my baby to his adoptive mother, I could see and feel the joy in her as tears ran down her cheeks. The contrast of pain and joy was in that room. The pain of loss for one mother and the joy of another. We must experience both pain and joy in life to know what real happiness is. Twenty-one years later, I was able to meet him. He thanked me for the life I gave him and for the sacrifice I made so he could become the man he is today. There is love and only love when you choose life and adoption. Ends are not bad things. They just mean that something else is about to begin." (<https://tinyurl.com/2p8knj7d>)

New Hampshire's Fetal Life Protection Act went into effect January 1 - Nancy Flander, www.liveaction.org, "The Fetal Life Protection Act prohibits abortion after 24 weeks except in cases where there is a risk to the mother's health or life, (though intentionally killing a pre-born child is never medically necessary.) There are no exceptions in the law for cases of rape, incest, or a poor prenatal diagnosis. The Act will also require an ultrasound prior to any abortion procedure. An abortionist who violates the law may face up to seven years in prison. With no ultrasound, there is an increased risk of complications for the mother." (<https://tinyurl.com/3uvt78n7>)

For the second year in a row, abortions have been the leading cause of death worldwide, with more than three times as many people losing their lives to abortion that the second leading cause of death. Approximately 42.6 million abortions were performed worldwide in 2021. As of January 4, 2022, it's estimated that 400,000 abortions had been carried out worldwide.
