## FORMED recommendation of the Week

### Padre Pio: Miracle Man

This movie captures the Capuchin friar's intense faith, devotion, and deep spiritual concern for others, as well as his great compassion

for the sick and suffering. It reveals the amazing details and events in Padre Pio's life as a boy and throughout his fifty years as a friar, dramatizing the frequent attacks from the devil, as well as the persecution he suffered at the hands of people, including those in the Church.

This movie is not rated, but was created with an adult audience in mind. It may contain violence indicative of the life and times of the saint or character portrayed. We would recommend Parental Guidance and that parents preview it before watching with children.
