"There is a boy here who has five barley loaves and two fish; but what good are these for so many?" Then Jesus took the loaves, gave thanks, and distributed them to those who were reclining, and also as much of the fish as they wanted. - Jn 6:9, 11

WHY DO WE DO THAT? — CATHOLIC LIFE EXPLAINED

Question: We are considering homeschooling our children.

Does this present a problem when it is time for them to receive the sacraments? What must we do?

Answer: Homeschooling is legal in all fifty states and like other types of education, has its advantages and its drawbacks. There are many factors to consider, and each family has to decide what the best way to educate its children is. With religious education, many dioceses have a formal policy that outlines procedures and expectations, some of which include more than just academic information. Call the religious education office to find out what they are for your area.

In general, though, an appointment with your parish priest to discuss your situation is the best first step. An opportunity to discuss what is available, what the expectations are for each sacrament, and how you can best prepare your child helps make your time of preparation more effective. The priest can direct you to good catechetical materials, parent information classes, and other choices and possibilities for your child. All parents need to be part of their child's religious education, taking a lead in instilling the values and beliefs of their faith.

Communication and information helps us all to teach and preach the Gospel as Jesus did.

EVERYDAY STEWARDSHIP — RECOGNIZE GOD IN YOUR ORDINARY MOMENTS

It's All in the Basket — St. Therese of Lisieux made a point of going the extra mile in kindness towards those people who really got under her skin. It was part of her own brand of Everyday Stewardship — thanking God for all His creation, even the parts with which, in her own humanness, she struggled to cope.

I think about this a lot when I challenge myself to give thanks for things that bother me and people who challenge me. When I do this, I envision Christ giving thanks over those insufficient loaves. How many of us would see that paltry little basket and kick a rock in frustration because we can't feed all our people? "You didn't give me enough, Lord! You didn't give me enough patience, enough money, enough creativity, enough stamina to be a good steward. If you had given me more, I could also give more!"

In those moments of despair, we need to take a good look at the life God has given us. We need to look at the trials and the challenges and the shortcomings. The hopes that didn't pan out, the disappointments that keep cropping up. Somewhere therein lies what we need to be the steward God asks us to be, just as St. Therese's own stewardship was defined by the people she simply couldn't stand.

God does not give us all we want. He does not give us all we ask for. He does us one better: He gives us all we need. It's all in the basket.

**LIVE THE LITURGY —
INSPIRATION FOR THE WEEK**

God shows up in unexpected ways! Just when we think we have God's agenda figured out, another surprise comes. Expecting to find God only in some places hinders us from finding Him everywhere. Who would have thought that a young boy's few loaves and fishes would feed thousands of people? The disciples were probably just as amazed as everyone else when this feast appeared before them. Sometimes, we find it difficult to believe that God can do amazing things with something small and simple. Yet, grasping this truth is really at the heart of understanding the power of the Eucharist. Having the Body and Blood of Christ made present for us is one amazing wonder. Actually being fed and nourished by that gift is another. Now being able to become what we have eaten, God can do tremendous things with the simple, humble gifts of our lives. All we have to do is realize that God dwells within us. When we do, then everyone we encounter and everything we do has the power to become a sacramental moment. When done with great love even the smallest gesture can be multiplied exponentially.

Now, that's amazing!
