Issue: Poverty

- Nearly 1/2 of the world’s population — more than 3 billion people — live on less than $2.50 a day.
- More than 1.3 billion live in extreme poverty — less than $1.25 a day.
- 1 billion children worldwide are living in poverty.
- 22,000 children die each day due to poverty.
- Over 20 million children under 1 year of age worldwide had not received the three recommended doses of vaccine against diphtheria, tetanus and pertussis.
- 1/4 of all humans live without electricity — approximately 1.6 billion people.
- 80% of the world population lives on less than $10 a day.

Teaching:
What the Church teaches, is in scripture, or is the position of the archdiocese or USCCB:

…within the community of believers there can never be room for a poverty that denies anyone what is needed for a dignified life.
— Pope Benedict XVI

Action:
What we can do to promote equality, rights, health, safety and dignity of others:

- Poverty is not an inevitable misfortune: it has causes that must be recognized and removed, in order to honor the dignity of many brothers and sisters, after the examples of the saint.
  — (10/15/17) Pope Francis
