Issue: Poverty

More than one in every eight Americans, numbering 40 million, equal to 12.7% of the population, are living in poverty, and almost half of those — 18.5 million — in abysmal poverty.

The 40 million living in poverty were "overwhelmingly" either persons who had been born into poverty, or those who had been thrust there by circumstances largely beyond their control such as physical or mental disabilities, divorce, family breakdown, illness, old age, unlivable wages, or discrimination in the job market.

Teaching:

What the Church teaches, is in scripture, or is the position of the archdiocese or USCCB:
Blessed, therefore, are the open hands that embrace the poor and help them: they are hands that bring hope. Blessed are the hands that reach beyond every barrier of culture, religion and nationality, and pour the balm of consolation over the wounds of humanity. Blessed are the open hands that ask nothing in exchange, with no "ifs" or "buts" or "maybes": they are hands that call down God’s blessing upon their brothers and sisters. (6/13/17) Pope Francis

Action:

What we can do to promote equality, rights, health, safety and dignity of others:

We are called, then, to draw near to the poor, to encounter them, to meet their gaze, to embrace them and to let them feel the warmth of love that breaks through their solitude. Their outstretched hands are also an invitation to step out of our certainties and comforts, and to acknowledge the value of poverty in itself. (6/13/17) Pope Francis
