A letter from Bishop Callahan

This is an excerpt of a letter from Bishop William Callahan dated 21 June and directed to all the faithful and clergy of the diocese. The full text can be found at www.diolc.org.

May the Lord give you Peace.

In the almost nine years I have served as your Bishop there has been much joy in bringing the sacraments, particularly those of Eucharist and Confirmation, to you the faithful of the diocese. During this time there has also been the weight of the past misdeeds of some of our clergy and this last year the sadness of the revelation of just how far this evil extends into the hierarchy of the Church. Know of the sadness and anger I personally have because of these truths but also how seriously I take them as your Bishop and as a member of the hierarchy.

While we have addressed directly the evil of the sexual abuse of children beginning with the Charter for the Protection of Children and Young People in 2002 commonly known as the Dallas Charter, this has not been all we have done. While the Safe Environment program that the charter requires for every diocese, is in place and has been effective, this is only the beginning of what we have and will continue to do to ensure the safest possible environment for your children and young people and truly for all people who come in contact with the Church in any way.

Many of you may remember with sadness, disappointment and even some anger last November when the Holy Father put on hold any votes on procedures that would address the crisis of abuse or cover-up by bishops by the United States Catholic Conference of Bishops (USCCB). This was disappointing to myself and many of my brother bishops but we respected the Holy Father’s wishes and waited for the consultation that occurred during the Synod on Young People in October of 2018 and the gathering of all of the presidents of National Conferences of Bishops from around the world that occurred last February. This resulted in an Apostolic Letter in the form of “Motu Proprio” Vos Estis Locum, that underscores his concern and attentiveness to the topics addressed within the new procedural norms that apply universally, that is to the Catholic Church around the world.

These new procedural norms that address the reporting and investigating of claims of abuse or the intentional mishandling of these cases by bishops were incorporated into the documents approved at the June assembly of the USCCB. Three documents were voted on and approved. One deals with bishops who were removed from office or resigned their office for reasons of sexual abuse or intentional mishandling of cases (Protocols). One reaffirms the commit-

The Beatification of a potential Saint is, I would think, a once-in-a-lifetime opportunity. And that’s what this pilgrimage offers — the experience of participating in the Beatification Mass of Brother James Miller, a Central Wisconsin native martyred in Guatemala in 1982.

While the Beatification Mass on Dec. 7 will be the culmination of the pilgrimage, our time in Guatemala also will include a day in Santiago Atitlan, where we’ll visit the church where Blessed Stanley Rother of Oklahoma City was martyred in 1981. We’ll also visit the beautiful, ancient city of Antigua and experience some of the Mayan culture at a parish mission in San Lucas Toliman.

Brochures with a complete itinerary and other details are available at church entranceways. There’s an early-booking discount if you book by July 7. Please consider joining us for what promises to be a wonderful experience.
