ST. DOROTHY'S CORE FAITH VALUES

What does St. Dorothy stand for?
These are the Faith values which
describe our church.

Do they "speak" to you?

Blessed are they who follow the Lord!

PSALM 119

*“Unless your righteousness surpasses
the scribes and Pharisees, you will
not enter the Kingdom of Heaven”*

Things we would not have if not for Black Inventors (PART 2)

- 16. Lawn Mower** - John Albert Burr – The lawnmower's best makeover ever brought better traction, rotary blades, and allowed cutting closer to buildings.
- 17. Lawn Sprinkler** - Joseph Smith – We should honor him for helping with Father's Day ideas every year.
- 18. Mail Box** - Phillip Downing – Before this invention, people had to make a long trip to the Post Office to mail a letter.
- 19. Modern Lock** - Washington Martin – His patent was an improvement on the 4,000-year-old Chinese bolt.
- 20. Modern Toilet** - Thomas Elkins – He influenced several major patents, but it's this one we appreciate most (not to knock the multi-purpose table or refrigerators for dead bodies).
- 21. Mop** - Thomas W. Stewart – He's kept us off our hands and knees since 1893.
- 22. Pacemaker** - Otis Boykin – On top of this lifesaving invention, he was born in Dallas, Texas. Double. Greatness.
- 23. Portable Pencil Sharpener** - John Lee Love – A carpenter clever with names for his inventions, calling this one the 'Love Sharpener.'
- 24. Potato Chips** - George Crum – You have to love that his last name is Crum.
- 25. Reversible Baby Stroller** - William Richardson – He's also the reason wheels move separately. We feel certain there are fewer crying babies in the world because of this man.
- 26. Super Soaker** - Lonnie G. Johnson – Being a NASA engineer is impressive, but we love him for inventing the Super Soaker!
- 27. Thermostat & Temperature Control** - Frederick Jones – His refrigeration equipment made it possible to transport blood and food during World War II.
- 28. Touch-Tone Telephone** - Dr. Shirley Ann Jackson – And that's not the only way Dr. Jackson made our telecommunications lives easier. Along with being the first African American woman to earn a PhD from MIT, she gave us the portable fax machine, caller ID, call waiting, and the fiber-optic cable.
- 29. Traffic Light** - Garrett Morgan – Three cheers for the red, green and yellow. Mostly for the green!

PRAYER & WORSHIP

“Again you have heard that it was said to your ancestors, ‘Do not take a false oath, but make good to the Lord all that you vow.’ But I say to you, do not swear at all. Let your ‘Yes’ mean ‘Yes’ and your ‘No’ mean ‘No.’ ”
 — Mt 5:33-34a, 37

FAITH

How often do you doubt that god will actually say yes even before you pray?
