Working on the margins. More than 37 million people in the United States live in poverty. CCHD supports those living in poverty by funding programs that empower local communities to address the challenges they face. It identifies and addresses the unique obstacles people face as they work to lift themselves and their communities out of poverty. In addition, 25% of the funds we collect remain in our diocese to fund local antipoverty projects. By supporting this collection, you are giving those on the margins a hand up, not a handout. Please be generous. An envelope will be inserted into the January 30 bulletin for your prayerful consideration.
