## Reflections by a LSSU Newman Center Graduate

It is hard to put into words just how much the Newman Center has shaped my life, often in ways I could never have expected, but now realize I could never live without. I was only just taking an interest in my faith when I first came to LSSU, and it was at the Newman Center that I found the people and the atmosphere that truly allowed it to flourish.

I credit each and every day I spent in that building with fostering me into the man I am today, and I cannot express my gratitude enough for the people that allowed this to happen.

These people, those who have both come and gone over the last four years, have influenced me in more ways than they'll ever know, and my life is profoundly better for having them in it.

The Newman Center has given me many things: friends, faith, and most recently, a fiancé, one which I would never have met if it weren't for campus ministry. I can only hope and pray that I left enough behind to justify such a gift."

Brendan Lukomski—LSSU Honors Graduate 2021.
