**Memorare to St. Joseph:** Remember, O most pure Spouse of the Virgin Mary. My noble protector Saint Joseph, that never was it known that anyone who fled to your protection, implored your help, or sought your intercession was left unaided. Inspired by this confidence, I come to you, my spiritual father, and fervently commend myself to you. Despise not my petitions, O Guardian of the Redeemer, but in your goodness, hear and answer me. **Amen**

**The Litany of St. Joseph:** Response is Pray for Us

**Prayer to St. Michael:**  
St. Michael the Arch Angel, defend us in battle, be our safeguard against the wickedness and snares of the Devil. May God rebuke him, We humbly Pray, and do Thou oh Prince of the Heavenly Host by the divine power of God, thrust into Hell, Satan and all the evil spirits who prowl about the world seeking the ruins of souls. **Amen**

## GOSPEL MEDITATION

**August 8, 2021**  
**19th Sunday in Ordinary Time**

The lens through which we view life makes a difference. It also determines who we choose to learn from and what we allow to shape our thoughts and feelings. For many, life is simply what it appears to be, a given that either through evolution or some other means just came to be. There is no apparent rhyme or reason to things and things can be dissected and understood only in terms of what they empirically present. To the person using this lens, a tree is a tree and a flower is a flower. Their composition and existence can be understood only to the extent that current human knowledge allows. Through this lens, what gives life purpose and meaning? This lens has an essentially unknown beginning and definite end. Once those are accepted, the middle becomes some kind of pursuit of happiness, with values and principles being things that are self-created and found acceptable.

But there is a Divine lens that also exists and deserves mention. It is found when one stumbles upon faith and begins to see things differently. This lens is of God and reveals a Divine Energy and Life that flows through and in all things. Faith then shows us that all that lives come from this one Source of Love. This is the only true lens that can give human beings the purpose and meaning they desperately need. From this perspective, all of life is much more than what is immediately apparent! It now tells and reveals a story about God generous, creative, and unconditional love! The unfolding of the human story is the unfolding of God's story. What meaning our lives have when they are viewed as a part of God's love affair with humanity! We are indeed special.

The lens of our faith asks us to learn from Jesus Christ. Jesus, as the real Bread of Life, shows us our eternal destiny and completes and frames our lives. It is only in allowing ourselves to be taught by Jesus, that faith, hope, and love take on much greater importance. All the relationships in our lives are now structured and ordered using God's primary commandment of love. Jesus, then, is not just some man who lived at some point in history. Jesus is the incarnate Son of God who shows us the way, the truth, and the life. Using this lens changes things up a great deal. Looking at the creation that surrounds you and the special unique people you love, what is God trying to teach you about His love for you and the eternal life He wants you to have?

### Pope's Intention for August:

**For The Church. Let us pray for the Church, that she may receive from the Holy Spirit the grace and strength to reform herself in the light of the Gospel.**

### Question:

What is a transitional deacon?

### Answer:

There are two types of deacons in the church. Both are members of the clergy. Both have the same liturgical role. Both have the service of the community as their primary work. One is called a permanent deacon, usually a married man ordained as a deacon with no intention of becoming a priest. They preach, baptize, witness marriages, conduct funeral services, and look after the needs of the poor. They also visit the sick and take Communion to them, although they cannot celebrate the sacrament of the Anointing of the Sick. They might also assist the pastor in his administrative duties. Permanent deacons are usually well known and respected in their communities and have roots there.

A transitional deacon is one who functions as a deacon for a period of time prior to ordination as a priest. His diaconate assignment serves as a kind of internship of ordained ministry. During his year or two as a deacon, he will learn the practical aspects of parish life, getting a firsthand look at the life of a priest. His work has a different focus than a permanent deacon in that he is looking forward to ordination as a priest.
