**Leave It in the Tomb**

Today, on the most important day of the liturgical year, the Apostle Paul is calling us out.

“I see you hiding in that tomb,” he says. “I see you baking with that old, stale yeast, thinking no one will notice.”

He says it a little more elegantly, I’ll grant you. But the message is this: If you want to be raised with Christ, you’d better be ready to step out of the shadows. Seek what is above — not what is on earth.

I can feel myself responding almost reflexively, “Great idea, Paul — but I’m pretty comfy here.” Because sometimes, it’s just easier to stay in the tomb. It’s easier to crouch in the shadows and look outward at everyone else, thinking of the changes they could make or the sins they could overcome.

Today we are called to embrace newness. New hearts, new lives, new futures, new chances. If there’s anything keeping you from that, you need to leave it in the tomb. It’s a little scary, sure — maybe Jesus thought so before he stepped into the light of that first Easter morning. But no loaf of bread worth eating was ever baked using stale yeast that wouldn’t rise. No new life worth having was ever lived through the broken sins of yesterday. No Easter morning ever dawned without the tomb sitting empty.

Step into the light. He is waiting for you.

**GOSPEL MEDITATION**  
**April 17, 2022**  
**Easter Sunday of the Resurrection of the Lord**

There are many stones in our paths that keep us from truly living and being free. Some of these boulders have been there for a very long time. They have been there so long that they have even settled into the soil of our lives with other weeds, vines, and compacted soil keeping them firmly in place. We find them hard to move and trying to do so can be exhausting. What are these suffocating albatrosses that keep us so tethered and immobile? They are many things.

They are past childhood wounds and hurts that stem from disappointment, rejection, or abuse. People may have told us we were unwanted, that the world is frightening, that there are only some acceptable feelings you can have and others you cannot. We may have tried to love someone or struggled to figure out how and were met with rejection. Maybe we trusted someone completely and were betrayed. We come to life collecting barnacles that begin to attach to other barnacles and before you know it, we have a mass of solid matter blocking our vision and keeping us from moving. We live in fear. We are afraid of losing what we have, afraid that the future will be empty, afraid that we won't succeed and even more afraid that we will not be loved. There is so much fear. Didn't Jesus tell us not to worry and to not be afraid? Either we believe in the message of Easter, or we don't!

Go into the night. Walking with God you will find the light and strength you need. Often without even knowing, God will move those boulders and stumbling blocks that bind us and, with putting one foot in front of the other and looking forward, we will move. The resurrection of Christ is really all about receiving the gifts of trust and faith and doing new things. The rocks that bind us keep us spinning the same wheels and doing the same things. When was the last time you threw caution to the wind and actually did something totally out of character and different? This is where we find God, in the spontaneous, the adventurous, the fun, and the creative choices we make! God is not boring and stuck. God is exciting and engaging. Jesus Christ is risen from the dead! Find a way to trust that this is true and live.

**Parish Registration Question:**

Why is it so important that we register in a parish? Isn't it good enough that we go to Mass?

**Answer:**

Registration is the official way we join a parish community. Many people think that because they **attend** a particular parish they **automatically belong**.

At times, young adults who have moved away for years think they are still signed up under their parents. But **membership requires signing up, formally enrolling yourself in a parish**. Registration is a commitment to a community, a way to be included in the religious, social, and ministerial activities of your parish.

**Your registration affects the parish in many ways.**

Census numbers can determine how many priests are assigned to a church, what benefits and obligations the community has to the diocese, and how Masses, Confessions, and devotions are planned and scheduled.

**Registration shows you belong.** It is also necessary for certain benefits, like scheduling sacraments, obtaining sponsor certificates, and getting donation statements for taxes. Most importantly, it lets the parish count on you, to call on you to assist in its mission. Registering in your parish is a statement of faith and confidence in the life and work of your parish.

Adults 21 or less are considered children members under their parents. **Once you turn 22** you should register as your own family And become a contributing member to the parish.

If you have not given in your envelopes in 3 years or more, you are considered an inactive member and will be marked on the church records as that.

In one church that I am very familiar with, the local church reports over 1600 members. However, on Sunday's the attenders of the church are less than 100. The giving units of the church is 35. The membership list has never been audited, never cleaned and the public data reported is simply not consistent with the reality of those attending and being a part of the Church.
