SOCIETY OF ST. VINCENT DE PAUL

In this Sunday's Gospel, Jesus reads the words of scripture: "The Spirit of the Lord is upon me, because he has anointed me to bring glad tidings to the poor."

In the month of January, through your gifts, the Society of St. Vincent de Paul was able to assist families, providing food, and money for utility and rent, bills, etc. Thank You!

Third Sunday of the Year

Today's reading from the Book of Nehemiah shows reverence for the word of God. The actions of Ezra and the people are similar to the way we approach the Gospel reading at Mass. We may not weep or fall to the ground, but the word of God requires a response. The word of God is for all to see and understand. We are invited to celebrate God's word, take it to heart, and live it.

How can you be a better listener to the word of God being proclaimed at Mass? What are ways you celebrate and proclaim the word of God? How well are you doing in responding to Bishop Hying's suggestion of spending 15 minutes a day with Scripture?

~In Touch with the Word, Lisa-Marie Calderone-Stewart

Life Long Faith Formation

Principles for starting a spiritual conversations

- Pray for opportunities, and for the grace to recognize them
 - Take genuine interest in people, and share your love for Jesus with them
 - Be courageous in taking risks – this is the key
 - Take every opportunity, even split second ones
 - Always have an attitude of love – our motivation should be the same as God's
 - Leave the results to God
- Curtis Martin, *Catholic for a Reason, Vol. 3*

“Holy Baptism is the basis of the whole Christian life, the gateway to life in the Spirit, and the door which gives access to the other sacraments” (CCC 1213).

We are looking for a couple interested in sharing their faith and knowledge with young people requesting baptism for their child or children. The baptism learning session is held every other month and you will be mentored by and share this responsibility with others. Five abortion pill dangers every woman should know

1. Research shows the abortion pill is four times more dangerous than first-trimester surgical abortion.
2. Research shows approximately 6% of women who take the abortion pill need emergency care for complication.
3. The “no-test” abortion pill protocol puts women's future pregnancies at greater risk.
4. ER visits for abortion pill related complications have increased more than 500 percent between 2002 and 2019.
5. The FDA does not require complications from the abortion bill to be reported.
