### Updates from Around the Village

#### Richfield Volunteer Fire Company Referendum

For the last several months a community discussion has been occurring regarding the Richfield Volunteer Fire Company (RVFC) and the staffing difficulties they have been experiencing. Early on, the Board expressed its support for the continued viability of the Richfield Volunteer Fire Company and understood that potential funding options for increasing our Fire and EMS Public Safety budget to serve the needs of our community now and in the future needed to be explored.

The RVFC, a private non-profit company that contracts its services to the Village of Richfield, the Town of Germantown, eight (8) square miles in the Town of Erin, and three (3) square miles in the Town of Polk, has been experiencing a decline in its paid-on-call volunteers while the call volume continues to increase exponentially. Unfortunately, as we've heard from the Fire Chief and have seen in stories from the Daily News, this situation is not unique to the RVFC and is symptomatic of a larger systemic issue regarding the national decline in volunteerism in our country. The RVFC is a "combination department" that operates with a mixture of full-time (5 FTE), part-time (5 PTE), and volunteer members (37) who are considered paid-on-call employees. The current Village budget for the RVFC is approximately \$590,000. To continue to serve the public, it has been conveyed to the Village that five (5) more full-time employees need to be hired.

To have a referendum question on the ballot for the November General Election, the Village must have the referendum question, a statement explaining the referendum question, and a resolution passed and sent to the Washington County Clerk by August 20th to meet the deadline for ballot creation. The Village is currently working with the RVFC and the Department of Revenue on finalizing the materials to meet the required deadlines. It is expected this matter will be considered by the Village Board at its July 21st meeting.

#### New Trustee Appointment

In May, the Village appointed Mr. Don Kriefall to the position of Village Trustee to serve out the remainder of the term for former Trustee Rock Brandner. The term is set to expire in April of 2023. Trustee Kriefall, prior to coming to the Village Board, most recently served as the Washington County Board Chairman. He was also a County Board Supervisor for 10 years, served on the Friess Lake School Board for seven (7) years, and was a police officer for the Village of Fox Point for 29 years.

#### Wisconsin Metal Tech - Celebrating 30 Years in Business!

On June 1st, Wisconsin Metal Tech (WMT) celebrated 30 years of being in business. Located on STH 175, what started as a one (1) employee business has now grown to a two-shift production operation with a combined Team of over 30 individuals. WMT serves original equipment manufacturers and contract part and assembly providers across the Midwest, nationwide, and the world. Congratulations on this incredible achievement and thank you for choosing to invest in our community!

## Village Updates Continued...

### Passing of Long-Time Village Employee

Mervyn "Merv" Michael Rafko passed away on June 22, 2022 at the age of 78. For nearly 40 years, Merv served as a plow driver in our DPW. He was one of the few people who were capable of driving our 1969 and 1971 Oshkosh Trucks. In the worst weather, for long hours, in uncomfortable conditions, he served our community for decades. The Village sends its sincere condolences to his wife Carol, his family, and close friends.

### Zoning Code Update

Based on the overwhelming request of the agricultural community, Village Staff was directed by the Village Board to reinsert language back into the draft version of the Code to reflect the exact rights found in the A-1, Exclusive Agricultural District and A-2, General Agricultural District. The previous references to RR-1, Rural Residential District and RR-2, Rural Residential District were completely removed from the draft version of the proposed Zoning Code. A scheduled Public Hearing is set for July 21st at 7PM.

### Work Anniversaries - Deanna Hupe & Donna Cox

In early 2022, the Village's Deputy Treasurer Deanna Hupe celebrated five (5) years working for the Village and just last month, Donna Cox, the Village's Deputy Clerk, celebrated the same work anniversary! If you have ever met or worked alongside these fantastic people, you know how much they care about the Village of Richfield and how hard they work to serve our amazing community. The next time you see them at Village Hall or on Election Day, please let them know they are appreciated!

## WisDOT Scheduled Highway Improvement on STH 167 from STH 175 to STH 164

The WisDOT has scheduled highway improvement on STH 167 from STH 175 to STH 164 starting in July of 2022. This is a 3.5 mile resurfacing project. It is anticipated that both the STH 164 and STH 175 roundabouts will be open throughout the majority of this project (these roundabouts were built in recent years). The resurfacing job will include milling and overlay, base patching, and minor shoulder repairs. Joint and crack repairs will be done as needed. Additionally, all of the beam guard throughout the project is old and will be replaced and grading will be completed for the beam guard replacement.

Minor repair work on culvert pipes is also anticipated. During construction, STH 167 will be closed to through traffic from STH 175 to STH 164. The roadway will remain open to businesses and residents; however, detours for all other traffic will be posted.

## Public Works Summer Update

### 2022 HIP

As of mid-June, construction related to the Village's 2022 Highway Improvement Program has been completed.

The Village contracted with Washington County for line painting on Bark Lake Road, Hubertus Road, and Plat Road, as well as a number of other roads within the Village in late June.

As a reminder, this years Highway Improvement Program included roadwork on:

- Bark Lake Road from Scenic Road to Amy Belle Road

- Plat Road from Monches to CTH Q
- Melody Lane from Plat Road to Monches Road
- Red Oak Court from Scenic Road to End

"Thank you" to all who live near or within project limits for your patience this construction season. We are looking forward to finalizing plans for the 2023 Highway Improvement Program by the end of this summer.

## Storm Drain Stencils Available

Storm drain stenciling promotes prevention of stormwater pollution from used oil, paints, cleaners, lawn and garden chemicals, pet droppings, etc. that can sometimes find themselves washed down storm drains. It also alerts others that the runoff water and materials carried in it will end up in our navigable waterways and drinking water. The Village has multiple stencils to loan to residents or HOA's. To use, spray paint the stencil on the concrete next to the storm water catch basin! Stop by Village Hall or call to make sure a stencil is available for use! Help us to send only rain down our drains!
