Catholic Bishops' Pro-Life Chairman Urges Senate Vote and Passage of Born -Alive Abortion Survivors Protection Act

February 5, 2019

WASHINGTON—Last night, the Senate failed to adopt by unanimous consent the Born-Alive Abortion Survivors Protection Act—legislation that would ensure that a child born alive following an abortion would receive the same degree of care to preserve her life and health as would be given to any other child born alive at the same gestational age.

Archbishop Joseph F. Naumann, chair of the U.S. Conference of Catholic Bishops' (USCCB) Committee on Pro-Life Activities, issued the following statement in response:

“Last night, the United States Senate had an opportunity to unanimously declare to the nation that infanticide is objectively wrong. That they failed to do so is unconscionable. No newborn should be left to suffer or die without medical care. It is barbaric and merciless to leave these vulnerable infants without any care or rights. Congress must take up and pass this bill and ensure that the legacy of Roe v. Wade does not extend itself from killing unborn children to killing newborn babies.”

The Archbishop also sent a letter to the U.S. Senate today urging the body to bring the Born-Alive Abortion Survivors Protection Act to the floor for a vote and to pass it this week. In his letter, Archbishop Naumann asked the Senate to support the “common-sense legislation” that would protect infants who survived abortion attempts.
