Welcoming New Catholics

This Easter Season is a wonderful time to celebrate our faith and the Resurrection of our Lord. For those newly initiated into the Catholic Church, this spring also marks a milestone on their faith journey.

With help from parish-directed programs called the Rite of Christian Initiation of Adults (RCIA), candidates received the resources, support and knowledge needed to take the next step in their journey of faith. The RCIA program begins at the diocesan level, and parishes receive assistance in helping people come into full communion with the Catholic Church. With a gift to the Bishop's Appeal, you help parishes enhance their RCIA programs and welcome future, newly formed Catholics.

"I give you a new commandment: love one another. As I have loved you, so you also should love one another." JOHN 13:34

As I have loved you," this is the hard part – Jesus's love is unconditional; our love usually comes with strings attached. It is easy to love someone when they love you back. But it takes mercy and compassion to love someone when you feel unappreciated, feel used or feel like your opinion doesn't matter. It takes courage and the grace of God to "love my neighbor" when they may be someone you don't like, someone you don't know or someone that doesn't look like you.

HEALTH NOTES

Summer is almost here! Follow these 7 tips to stay healthy.

1. **Use Sunscreen** - Purchase a sunscreen with a high enough SPF for your needs (preferably waterproof) and make sure you apply it thoroughly. Be sure to cover every exposed part of your skin.
2. **Avoid Heat Stroke** - Staying hydrated and in the shade helps keep you cool and one step ahead of the sun's unforgiving rays.
3. **Wear Loose, Breathable Fabrics** - Part of staying cool is dressing appropriately, so wear light, breathable fabrics (like cotton) when in the sun.
4. **Use Bug Spray** - Mosquitos carry dangerous diseases like ZIKA , Lyme, and Malaria. Use bug spray with DEET to help repel mosquitos and other insects and help keep you and your family safe.
5. **Be Smart About Your Food** - Bacteria grows more rapidly in warmer temperatures. When grilling in the summer, help prevent food borne illness by leaving raw meats in the fridge until right before they're ready to be cooked.
6. **Check Playgrounds For Damage** - Rusty materials and faulty parts could be a recipe for disaster when it comes to playground equipment. Don't let your children access playgrounds until you've checked them for potential damage.
7. **Be Diligent About Helmets & Knee Pad Use** - We know to use helmets and knee pads, but sometimes kids forget. Reinforce the importance of helmet safety with your children so they know wearing them is an absolute must.

QUESTIONS OF THE WEEK

Invite Parishioners to Reflect and Respond to Scripture

First Reading

We hear in Acts how Paul and Barnabas formed Gentile-believing churches in cities of the eastern Roman Empire. What do you think is needed today to build a strong faith community?

Second Reading

In John's final visions, he sees "a new Jerusalem" coming down from heaven. God is fully present with humanity and there is no more suffering and death. How often do you think about the end-times?

Gospel Reading

As Jesus discussed his impending death with the disciples, he presents them with "a new commandment: love one another." In what ways are you challenged by this commandment?
