RABBI MELMAN'S MINUTES

Rabbi Melman

This is one of my favorite times of the year. Rosh Hashanah and Yom Kippur are just behind

us, and we move into the most joyous of all of our holidays, Sukkot. Sukkot is the quintessential fall holiday. We decorate our Sukkah in orange and brown colors to reflect the autumn season. Pumpkins, gourds and squash of various kinds often adorn our Sukkot tables. The rabbis of the Mishna refer to this holiday as *Z'man Simchateinu*, the time of our great joy. In Temple times, if one was going to make a pilgrimage to the Temple for one of the *Shalosh Regalim*, the three pilgrimage festivals (Pesach, Shavuot, Sukkot), it was Sukkot. I believe, that for the rabbis and the community, the anxiety of the High Holidays has passed, and we can appreciate the beauty of this holiday.

Sukkot reminds us of the time that God caused our Biblical ancestors to dwell in temporary booths while wandering in the desert. The agricultural significance was it marked the harvest season, but the thematic significance of the holiday is to keep us grounded.

Sukkot offers us the opportunity to step outside the comfort of our homes and make the Sukkah a temporary dwelling place. We are supposed to eat, study and relax in the Sukkah, and if possible, sleep in it. While sleeping in the Sukkah in October in Chicago might not be possible, we should do every-

thing we possibly can to spend as much time in our Sukkah. As a sports fan, October is baseball playoff time, the start of the NHL hockey season and the NFL season is underway. I love running a long cord from inside the house, just to sit and watch television, sometimes bundled up, truly making the Sukkah my "home". It's not a home to be enjoyed alone, it is best to enjoy it with guests.

While the anxiety of the High Holidays might be behind us in the calendar, some of its themes remain. The Sukkah and the holiday of Sukkot are more than simply remembering our ancestors or having a "good time" outdoors. The structure itself reminds us of the fragility of life. The Sukkah invokes the image of God's sheltering presence. The Sukkah is open to the elements, the roof is not completely closed and at the same time the door and roof are open to all who wish to enter. In our daily liturgy, we often use the phrase, *sukkat shalom*, God's sheltering presence and we pray that God protect us now, and always.

I hope and pray that this year's Sukkah will truly be open to all and may we find a renewed sense of hope and peace.

Chag Sameach.

FROM THE CONGREGATION PRESIDENT

Bob Spector

Shalom Chaverim,

I hope your High Holiday season is going well and that it is providing you many reflective moments for yourselves, and quality time with your friends and family. In my first year as your President, I tried to emphasize both personally and through my leadership role the importance of paving a CBS path with stones of warmth, respect, and kindness as we move forward together as a community. If you recall, I made reference to the power of the TOPUACH - Tolerance, Openness, Patience, Understanding, Acceptance, Compassion, and Health. The apple in its sweetness and juiciness is a symbol of Rosh Hashanah as we hope to have a sweet and healthy year. In my second year, I am trying to create initiatives and a

Strategic Plan that will keep us on track to be both financially and relationally strong for many decades to come.

I am writing this message shortly after our August Board of Trustees (BOT) meeting which focused on preparations for our September 11 BOT retreat, and the first day of High Holiday ticket pick-up followed by Yom Beth Shalom (YBS). There was so much energy, enthusiasm, and thoughtfulness displayed by our lay leaders. One of the things I learned is that we have an incredibly talented group that represents a cross section of so many skills necessary for us to be successful as a community: Strategic Thinkers, Creative Fundraisers, Relationship Builders, Policy Makers, and Worker Bees. However, as I mentioned in my September message, the BOT represents one side of our CBS community. We have a dedicated, hard-working, and committed staff representing the second side of our community triangle, but **you the membership are** the foundation of Congregation Beth Shalom. It is your commitment to **and** involvement in our community that maintains and nurtures our heart and soul. This could not have been more apparent than what occurred at High Holiday ticket pick-up and YBS. Our lobby and parking lot was filled with so much energy and good cheer. There was so much love and friendship present, it was yet another reminder of how wonderful it is to be a part of our community. Without you there is no CBS.

As a result of the pandemic many of our members have questioned where Congregation Beth Shalom fits into their daily lives. Many have asked themselves 'Can I justify the cost of membership when I have not been in the building for over two and a half years?' Or 'Our family has completed the Bar/Bat Mitzvah, why do we still need CBS?' Perhaps we are not doing enough to market all the different ways we offer spiritual, educational, and social opportunities for all ages. Or for many maybe it is less complicated, and it is simply out of sight/out of mind. I am reminded of what it was like growing up in the Spector family. When I was a child, I hated green vegetables (besides lettuce)- broccoli, brussels sprouts, spinach, celery, artichokes, asparagus - all yuk. Mind you, I had never tried them, but the color grossed me out. I was not allowed to reject the food my mom prepared without tasting it first. Fast forward sixty plus years: broccoli, artichokes, and asparagus - love them, celery-eh, spinach and brussels sprouts - still yuk. I have come to realize that my mother's message to me was about much more than green vegetables. Congregation Beth Shalom may not meet every single one of your or your family's needs, but we are fully open and offering a complete menu of communal and individual opportunities. I can almost guarantee you there is something special here for your entire family. My eating and life experiences have been so much more enhanced because I tried something before rejecting it outright. Please consider allowing Congregation Beth Shalom the same opportunity. I believe your lives will be more enriched for having done so.

As we continue our Days of Awe, may you take the time to reflect, to forgive, to heal, and to reconnect with all the important people and parts of your lives you hold near and dear to you.

L'shana Tovah U'metukah (have a good and sweet year),

Bob

CANTOR'S NOTES

Cantor Stoehr

One of the most stirring and haunting sounds of the High Holidays is the final blast of the shofar at the conclusion of Neilah, which brings to a close the exhausting, yet exhilarating day of Yom Kippur. The Tekiah Gedola, that singular, one-of-a-kind sound which send chills down our spines (if we allow it to penetrate our flesh and enter our souls).

How does someone hold that note so long? Practice, of course, but also good lung capacity. As a singer I have been able to perform the shofar sounds for many a classroom audience, youth and adult, and each always marvel at the length of the blast.

Our lungs are a pair of vital organs to life itself. Fighting pneumonia or other illness which impinge the lungs makes a patient miserable and often quite scared. The breath of life is essential to our existence.

This writing by Sandra Thurman Caporale from the Memorial Church of Christ in Houston was something I found on the Internet, the attribution to the graphic artist is unknown. I hope you will find this thought provoking.

"There was a moment when Moses had the nerve to ask God what his name is. God was gracious enough to answer, and the name he gave is recorded in the original Hebrew as YHWH.

Over time we've arbitrarily added an "a" and an "e" in there to get YaHWeH, presumably because we have a preference for vowels.

But scholars and Rabbis have noted that the letters YHWH represent breathing sounds, or aspirated consonants. When pronounced without intervening vowels, it actually sounds like breathing.

YH (inhale): WH (exhale).

So a baby's first cry, his first breath, speaks the name of God.

A deep sigh calls His name – or a groan or gasp that is too heavy for mere words.

Even an atheist would speak His name, unaware that their very breath is giving constant acknowledgment to God.

Likewise, a person leaves this earth with their last breath, when God's name is no longer filling their lungs.

So when I can't utter anything else, is my cry calling out His name?

Being alive means I speak His name constantly.

So, is it heard the loudest when I'm the quietest?

In sadness, we breathe heavy sighs.

In joy, our lungs feel almost like they will burst.

In fear we hold our breath and have to be told to breathe slowly to help us calm down.

When we're about to do something hard, we take a deep breath to find our courage.

When I think about it, breathing is giving Him praise. Even in the hardest moments!

This is so beautiful and fills me with emotion every time I grasp the thought. God chose to give himself a name that we can't help but speak every moment we're alive.

All of us, always, everywhere.

Waking, sleeping, breathing, with the name of God on our lips."

RELIGIOUS SCHOOL

Stacy Ybarra

The school year is under way! It has been a pleasure getting to know our students and families over the past month and we look forward to more time together.

The holidays continue with *Yom Kippur*, *Sukkot* and *Simchat Torah*. We are learning about them in our classes and hope to observe them with you at CBS. Our holiday curriculum spirals so that we look at different aspects of the holidays each year.

- Kindergarten focuses on the symbols.
- 1st Grade focuses on the traditions.
- 2nd Grade reviews the symbols and traditions.
- 3rd Grade focuses on the story of the holiday.
- 4th Grade looks at a story from the holiday's tradition.
- 5th Grade studies the blessings or liturgy of the holiday.
- 6th Grade explores the art of the holiday.
- 7th Grade looks at an issue that flows from the holiday.

Please note that with *Simchat Torah* beginning Monday evening, October 17th and continuing into Tuesday, October 18th, we have moved our Tuesday afternoon and evening classes to Monday evening to coincide with *Erev Simchat Torah* Services. We are excited to work with Rabbi Melman, Rabbi Chapman and Cantor Stoehr to add family activities to the fun and festive CBS traditions. Please watch for more information in your weekly Wednesday evening emails. The *Simchat Torah* program will also be appropriate for our kindergarten, 1st and 2nd grade students who are usually not in class on Tuesdays as well as for our youngest CBS members.

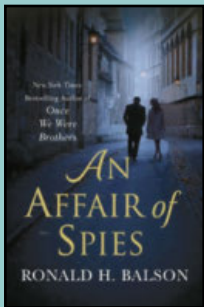

This month our 7th graders will begin their Holocaust Studies Unit with Mark Gelfeld from the Illinois Holocaust Museum. We have also begun our *Shabbat* learning with our 6th and 7th graders.

As we move into the year of 5783 may we remember to be kind in our dealings with others.

An Affair of Spies is Ronald Balson's remarkable new novel. The plot is packed with intriguing characters and Balson's entertaining writing style doesn't disappoint. As the United States works to develop a nuclear bomb, it is confirmed that Nazi Germany is on the same track. American intelligence needs to quickly ascertain how close Hitler is to achieving that goal. In November of 1943, Sergeant Nathan Silverman, a Jewish soldier stationed at Camp Ritchie, is told to report to Army Headquarters. Nathan, a German national, was forced to leave his family behind in Berlin and has not heard from them in years. His father is renowned physicist, Josef Silverman. Josef may be working (under duress) on Germany's nuclear bomb alongside his colleague and friend Dr. Gunther Snyder. American authorities have been notified that Gunther wants to defect and that he is willing to reveal Germany's nuclear secrets to them. Nathan will be sent to Germany to decide if Gunther can provide the information

Army intelligence desperately seeks. Although he is an inexperienced spy, Nathan has almost the perfect credentials for this assignment. He is familiar with Berlin, speaks German and is acquainted with Gunther. However, he is not a scientist. Enter Dr. Allison Fisher. Allison is a brilliant young physicist who works in Enrico Fermi's lab at the University of Chicago. Nathan is told that he and Allison will travel together to Germany via Paris. Nathan will meet with Gunther in Berlin. Once Nathan is convinced of Gunther's motives, he will bring him to Allison at their safe house for further questioning. If Allison is satisfied with the information Gunther provides the three will immediately leave and return to the United States. Complicating this already dangerous mission is that Nathan wants to find out the fates of the family members he left behind in Berlin.

Balson sends Nathan and Allison on a harrowing journey that will keep readers riveted to this novel. Although the characters are new, the author's suspenseful storytelling and engaging characters are both familiar and better than ever.

An Affair of Spies is Balson at his best.

Let's meet a long-standing board member of Congregation Beth Shalom Men's Club, **Howard Jacob.** Born on the South Side, Howard grew up in Jeffrey Manor and celebrated his Bar Mitzvah at South Shore Temple. He attended Bowen High School and was involved in orchestra and was a stage crew manager. Early in life, he had an interest in Electrical Engineering and began building a variety of electronic kits from KnightKit and HeathKit. In high school, he had a small electronic equipment repair service which solidified his interest in engineering as a career. Howard attended the University of Illinois Circle Campus (now UIC), majoring in Electrical Engineering.

At 17, Howard crashed a party in Evanston with friends. The host of the party was 16 year-old Laurie Crost. After dating for 6 years, Laurie and Howard married. They have three grown children, Marcy, Brad, and Josh. Marcy and her husband, Bryan Pawlak, are members of Congregation Beth Shalom with their children, Lola and Harper. Brad lives in Los Angeles, and Josh and his wife, Shoshana live in Providence, RI with children, Meital and Avi. Laurie graduated from Northeastern Illinois University with a degree in math education, and taught high school math until she retired to raise their family. She has been a long time Sisterhood and Mitzvah Committee member.

Howard's career was always based in Electrical Engineering, later moving to technical sales, marketing, and business development. After his first two jobs, he settled in with Intel and spent 33 years with them. Howard and Laurie first lived in Skokie, and then Deerfield, where they belonged to Congregation B'nai Tikvah, and then Intel moved them in 1989 to Saratoga, CA where they joined Congregation Beth David. They came back to Illinois for good in 1992, moved to Northbrook, and joined CBS.

Howard was involved in Jewish organizations his entire life. In high school he was part of Torah AZA and as a young married adult he was active in the Harold Cohen Lodge of B'nai B'rith in Skokie. After joining CBS, Howard quickly became involved in the synagogue and the Men's Club. He assisted with the original CBS website design, and, for the last nine years, he has been very involved in the marketing and branding of CBS and the Men's Club. Every flyer that the Men's Club puts out, has a final touch and seal of approval by Howard. Along with his marketing assistance, Howard, Marcy, and Bryan became involved in the early days of Keruv at CBS. They helped create interfaith-welcoming programming for all synagogue members. Howard has previously served on the Men's Club Executive Board as Recording Secretary. Howard was honored as our Man of the Year in 2019.

Howard and Laurie have done some exciting traveling over the years including numerous cruises, a month traveling Europe, two weeks in Australia with the entire family, visiting Israel twice, and a Danube River Jewish Heritage Cruise from Prague to Budapest. After retirement, Howard has stayed involved in his industry. He is a judge for the UIC Engineering Design Expo every year and mentors UIC students at UIC in engineering and business. He also advises startups and sits on the Board of Directors of the Intel Alumni Network having served as President.

Howard has been a tremendous support to CBS and CBS Men's Club, and we thank Howard and his family for their continued support of Congregation Beth Shalom for many years. Todah Rabbah!!!

We wish all of you a sweet and happy 5783. May you all be inscribed and sealed in the Book of Life for a good and prosperous New Year.

Breakfast & Speaker Series The Ark: 50 Years of Tikkun Olam in Action

Anchored in Empathy.
Powered by Community.

Sunday, October 23rd
Breakfast (\$7) at 9:30 am, Program at 10:00 am
Registration required by Wednesday October 19th at
<https://cbsmensclubevents.square.site/>

The Ark has been a beneficiary of the Men's Club Lox Box program for decades. We've all heard of The Ark, but few of us truly understand the depth and breadth of the services they offer, and the value that they deliver to their clients. The Ark has been helping Chicagoland Jews facing adversity to navigate toward self-reliance within a framework of Jewish values and laws since 1971.

Please join us for breakfast and an interactive discussion about how The Ark works with clients in the Greater Chicagoland Area, including many living in the North and Northwest suburbs. Dawn Lieberman, Director of Community Engagement and Education, and Cheryl Wittenstein, Director of Marketing and Communications will provide insights into how they support The Ark's 4000+ clients who are struggling to navigate life's challenges, and how we can help support their efforts.

SEND A KID TO ISRAEL PARTNERSHIP

The Send-a-Kid-to-Israel Partnership (SKIP) savings incentive program was created to anticipate and save for our children's Jewish education. SKIP allows families, their congregations, and the Jewish United Fund to become partners in planning for a young person's future Israel experience. Students in 3rd through 6th grade are eligible to enroll in SKIP; families are eligible to contribute to their children's SKIP account for a maximum of 7 years (3rd- 9th grade).

Beginning in 3rd-6th grades a family contributes \$70 per year, our synagogue underwrites \$100, and JUF funds \$85. Thus, each year a total of \$255 is placed in a special, interest-bearing account. A child who participates for the full seven years (grades 3-9) will have approximately \$2000 (\$1785 plus interest) saved to help meet the cost of an Israel trip. SKIP funds can be used after 9th grade and up to and including age 26 for an Israel Experience program. Of course, the hope is that your child will travel to Israel using these specially accumulated funds. Your portion of the SKIP funds are fully refundable at any time should your child not participate in an Israel program.

Many thanks to the Zemsky Family who sponsor the David L. Zemsky SKIP Fund that helps to financially support this wonderful opportunity for our youth! Only Congregation Beth Shalom matches each SKIP participant's \$70 contribution with \$100. The Zemsky SKIP Fund is the largest financial sponsorship among the Chicagoland synagogues.

More information regarding how to register will appear in the November bulletin. A letter of invitation to the program will be mailed in November to families of new and eligible students. Registration for 2022-23 will begin on November 1st. Please feel free to contact Pamela Connell through the Religious School office for further information at 847-498-5352 or pconnell@bethshalomnb.org.

~~~

**Congratulations to the following SKIP graduates!** Their families have completed the necessary annual financial contributions to SKIP, and they now are eligible to use the funds to help pay for an Israel program of their choice.

### CBS Memorial Plaques

If you wish to honor the memory of a dear one, a most fitting, traditional and dignified remembrance is through a Memorial Plaque.

Each memorial plaque, bearing the name and yahrzeit date, is mounted on the tablet in the Moseson Alcove or Feather Beit Midrash. It is lit on the Shabbat of the week of the yahrzeit, on the day of the yahrzeit and on the four festivals during the year when Yizkor is recited.

Contact Maria Catezone by phone at 847-498-4100 x26 or email [MCatezone@BethShalomNB.org](mailto:MCatezone@BethShalomNB.org) for information or to order a plaque.

The following family has dedicated a memorial plaque in memory of their loved ones.

In memory of MAX C. SOKOL  
by Edith Sokol and Craig Sokol
