PRESIDENT'S MESSAGE

I

Until the middle 1960s, the County had a Poor Farm where the Noblesville High School, the County jail, and our Center currently stand. As Medicare was established, the County decided a farm was no longer needed for indigent elders, and it was gradually shut down. Over time, the land was re-purposed. The original building which housed people burned down.

In the late 1970s, a number of senior citizens formed the Senior Citizens Organization, Inc. (SCOI) and petitioned the County for land on which to build a center. Two acres were set aside for this purpose,

This period was early days for recycling, and SCOI was on the bleeding edge of this concept. Our predecessors raised money, obtained a mortgage, and built our center and a recycling facility (RF) in the back. The RF was fully functioning to handle news and other paper products, cardboard. and glass. Our members provided free labor. The RF was so successful that the mortgage was paid off in the 1980s. Dues for members was $20 per year. Up to 1000 members graced the premises.

Then the County decided to build its own recycling center (RC) on Pleasant Street in Noblesville. Before long, since it handled all sorts of recycling (not just paper, cardboard, and glass), people in the community began to take all their waste products to this one stop place. Our RF began to lose business to the new RC. Then, as the nation got into recycling in a big way, the price of recycled waste plummeted.

About four years ago, we were spending more money on our RF than we were taking in. We closed our recycling center, sold off the equipment, and turned the building (on which we had to keep an expensive insurance policy) over to the County. The County then razed the building and built a new warehouse for emergency equipment.

About this time, the County informed us that the County jail needed to expand because of a change in State law that required local jurisdictions to house lesser dangerous prisoners. Our Center was next to the jail and was a prime place for an expansion.

We became active, published letters in news outlets, wrote letters to those whose decisions would affect our interests, and spoke to our friends and neighbors about this situation. Our efforts paid off, and the County revised its plans to build an expansion behind the existing jail. We were off the hook for the immediate future, but were told we better start looking for a new site.

This synopsis will be continued in future issues. Jim Gorby

FUN FACTS

Did You Know?

The name for January comes from the Roman god, Janus, who is always depicted with two heads. He uses one head to look back on the year before, and the other head to look forward into the New Year!

Oddly enough, couples tend to separate or divorce more so in January than any other month of the year.

Some historical names for January include "Wulfmonath," which came from the Anglo-Saxons because it was the month hungry wolves would come scavenging. King Charlemagne would call it "Wintermanoth" meaning "winter/cold month."

London is famous for their extensive subway system, nicknamed "The Tube." This makes sense, because they're also responsible for opening the first operational underground railway on January 10th, 1863.

In leap years, January always starts on the same day as April and July.

In Pasadena, California, there has been a Rose Parade held every year since 1890. It has since been broadcasted worldwide and is typically viewed in over 100 countries around the globe.

If you were born in January, your birthstone is a garnet!

Referring back to the Julian and Gregorian calendars, January is the first month of the year, and the first of seven months to be 31 days long.

January has two zodiac signs – Capricorn, which is until January 19, and Aquarius, which is for the rest of the month.

The dianthus caryophullus is the birth flower of January – more commonly known as the carnation!

One of the most influential events in U.S. happened in January – on January 1st, 1892, Ellis Island opened, allowing for the immigration of over 20 million people!

King Numa Pompilius, the second king of Rome, is responsible for adding both January and February to the Roman calendar. He did this so calendars would be equivalent to a lunar year. Even so, it only had 30 days.

Food For Thought

Musings From The Editors

I always consider that the shape of the future is in our hands. The past is past and can't be changed, but the future has not yet arrived. Young people have the opportunity and responsibility to shape it by creating a better world. **Dalai Lama**

WHEW! We made it through 2020! Let us all forget about all the resolutions and promises we've made to ourselves and each other, resolutions that we've made and kept and made and failed to keep in the past. Let us not forget 2020 while we were pushed into confinement, separation and impacted with the virus and quarantined and practically in a lock down situation. We're in a new year, with new hope, new love, new adventures! Let us make a new resolution to be happy no matter what is handed to us and make the best of what we have. Let us look back on 2020 as a year not to forget, but a year that we've learned from. It's taught us to be ready for whatever happens while wearing a smile on our face covered up with a mask and a helping hand extended to anyone who might need it! So, go forward with a determination unlike any other, and see each other more often, enjoy each other and love one another as much as we can.

We need to spend more time having fun and not worrying about tomorrow. Someone once said, "worrying is like rocking in a rocking chair, it won't get you anywhere, but it'll give you something to do". We have plenty to do! We have new friends to make, we have old friends to call and we have each other to love! This news team wants to wish everyone, members, friends, loved ones and sponsors, a Very Happy New Year!

A Senior Moment

Just a line to say I'm living,
That I'm not among the dead;
Though I'm getting more forgetful
And more "mixed-up" in the head.

For sometimes I can't remember,
When I stand at the foot of the stairs,
If I must go up for something,
Or I've just come down from there.

And before the fridge so often
My poor mind is filled with doubt,
Have I put food away, or
Have I come to take some out?

And there are times when it's dark out,
With my night cap on my head
I don't know if I'm retiring
Or just getting out of bed.

So, if it's my turn to write you,
There's no need in getting sore,
I may think that I have written,
And I don't want to be a bore.

So, remember I do love you,
And I wish that you were here;
But now it's near mail time,
So, I must say good-bye, dear.

There I stood beside the mailbox,
With a face so very red,
Instead of mailing you my letter,
I opened it instead!

FOR ALL MEMBERS WHO ARE CELEBRATING !

My father used to buy simple goods from poor people at high prices, even though he did not need them. Sometimes he even used to pay extra for them. I got concerned by this act and asked him why does he do so? Then my father replied, "It is a charity wrapped with dignity, my child".
