New Liturgical Ministry Schedule: August 30 through November 15

Parish Center Campaign Update

Holy Trinity Parishioners,

Since meeting with the Diocese of Joliet Building Committee in February 2021, the Holy Trinity Parish Center Committee has worked on the current building design to provide more flexibility and options for the project. Per the recommendation from the Diocese, the Committee—with the help of Gillespie Design Group—created three options for the Parish Center.

- 1) The first design reflected our full vision for the building, including: high school sized gymnasium, full basement and kitchen, stage and mezzanine to provide meeting spaces. Renderings of this design can be found on the Holy Trinity website: <https://holylife.org/support-us/parish-center>

- 2) The second design reflected most of the components of the first, full design but eliminated the full basement (in an effort to reduce cost.)

- 3) The third design focused on reworking the size and use of the building while still incorporating the key elements for our parish center project. This option would provide a large meeting space with stage for events, a full kitchen and mezzanine to provide meeting spaces. The goal of this design was to create a center that met our parish needs while prudently removing additional components and scaling down the overall square-footage of the building to save cost.

The Committee then engaged Frederick Quinn Corporation (also per the recommendation of the Diocesan Building Committee) to provide current cost projections on these designs. These costs are, respectively:

- Option 1: \$8.9 - \$9.2 million
- Option 2: \$6.6 - \$6.8 million
- Option 3: \$5.6 - \$5.9 million

These current projections reflect the current economic conditions and inflated building costs, coupled with elevated overall labor costs. As such, the Committee recognizes the need to wait for the building market to reflect more realistic prices and outlook before proceeding with our Parish Center project. This decision comes out of respect to the dedicated effort that the parish has already given toward this campaign; the Committee feels it would be an irresponsible use of the capital already raised and pledged to try to build in this economic climate. The ongoing commitment of the Parish Center Committee remains serving as good stewards of the funds and vision of the parishioners for our future building.

The Parish Center Committee will continue to explore creative fundraising opportunities, different architecture/engineering firms and other options for the building. The Committee encourages the entire parish to continue to pray for the success of our Parish Center Campaign and especially for the virtues of patience and perseverance. It has been prayerfully discerned that our parish needs a Parish Center. Trusting in God and following the guidance of the Holy Spirit, we will move forward with our plans to build a Parish Center that will serve and bless Holy Trinity Parish and the surrounding community.

Sincerely,
The Holy Trinity Parish Center Committee

Pandemic Reflections

Reflections on volunteering during the pandemic from Daria Skrzypczynski — Holy Trinity Volunteer

They were the best of times, they were the worst of times. This is what I think of when I reflect on my faith life during the pandemic.

The Eucharist is the source of summit of our life; for me personally, for my family, our parish, and our whole Catholic Community. Being severed from receiving and adoring the Body and Blood of Christ was the most difficult part of the whole pandemic. This was followed very closely by the separation from loved ones, especially my special needs son who was on lock down quarantine and unable to see us for over a year. The opportunities for my personal prayer life to grow and for more quiet moments with my Lord were wonderful.

When the churches were allowed to reopen with many restrictions in place I was both grateful and angry. Grateful that we could attend Mass, angry that we had to register and be so strict. When the call went out for volunteers to help I was unsure I wanted to be a part of these restrictions. When I took the matter to prayer the answer was obvious. God spoke clearly to me that He was not asking me if I approved of the restrictions or if this is the way I think things should be done, but rather, He was asking my obedience. I heard Him call me to help in any way I could so that as many people as possible could return to the Sacraments.

Volunteering was such a blessing to me in many ways. I typically worked on a team with my oldest son and my youngest daughter. My role was to check people in as they arrived. Being a parishioner for over 30 years, there are so many faces of individuals that I recognize, yet, have never met personally. I was able to learn peoples' names and say hello to them as they arrived. I was able to comfort those who were upset by the restrictions and help those that needed to understand the procedures.

One of my favorite memories from this time was one of the many people that came to the door without having signed up. Sometimes those folks aggravated me, especially when they knew better, and some had interesting explanations. There was one young man that came looking a bit panicked and told me that he forgot to make a reservation and he thinks his mom didn't make him one either but his family was all on vacation in Mexico and he didn't want to miss Mass!

As has been the case throughout my life, when I act in obedience to God's call in my life, He has so many hidden blessings waiting for me. It was a pleasure to serve Holy Trinity Parish during the Pandemic and share the joy of the people who came to worship.

Gospel Reflection

Nineteenth Sunday in Ordinary Time: August 8

The lens through which we view life makes a difference. It also determines who we choose to learn from and what we allow to shape our thoughts and feelings. For many, life is simply what it appears to be, a given that either through evolution or some other means just came to be. There is no apparent rhyme or reason to things and things can be dissected and understood only in terms of what they empirically present. To the person using this lens, a tree is a tree and a flower is a flower. Their composition and existence can be understood only to the extent that current human knowledge allows. Through this lens, what gives life purpose and meaning? This lens has an essentially unknown beginning and definite end. Once those are accepted, the middle becomes some kind of pursuit of happiness, with values and principles being things that are self-created and found acceptable.

But there is a Divine lens that also exists and deserves mention. It is found when one stumbles upon faith and begins to see things differently. This lens is of God and reveals a Divine Energy and Life that flows through and in all things. Faith then shows us that all that lives come from this one Source of Love. This is the only true lens that can give human beings the purpose and meaning they desperately need. From this perspective, all of life is much more than what is immediately apparent! It now tells and reveals a story about God generous, creative, and unconditional love! The unfolding of the human story is the unfolding of God's story. What meaning our lives have when they are viewed as a part of God's love affair with humanity! We are indeed special.

The lens of our faith asks us to learn from Jesus Christ. Jesus, as the real Bread of Life, shows us our eternal destiny and completes and frames our lives. It is only in allowing ourselves to be taught by Jesus, that faith, hope, and love take on much greater importance. All the relationships in our lives are now structured and ordered using God's primary commandment of love. Jesus, then, is not just some man who lived at some point in history. Jesus is the incarnate Son of God who shows us the way, the truth, and the life. Using this lens changes things up a great deal. Looking at the creation that surrounds you and the special unique people you love, what is God trying to teach you about His love for you and the eternal life He wants you to have?
