## CASE MANAGER'S NOTE:

August in National Immunization Month: An updated 2021 tally with the Public Health Madison Dane County on Covid-19 vaccinations show that current estimates of herd immunity are between 60% and 90%. There are over 69% of people in Dane County who are partially vaccinated and over 65% who are fully vaccinated. For people over 65, over 96% of people are partially vaccinated. Medicare continues to cover the Covid-19 vaccination for beneficiaries. You pay nothing for the Covid-19 vaccine. You won't pay a co-pay or deductible and your provider cannot charge an administration fee. Some folks may even be able to get the vaccine in their home, depending where you live. Contact your doctor and ask they are able to give you the vaccine in your home. Call 1-800-MEDICARE for vaccine information in your area.
