The Pruning Process

FR. JOSEPH JUKNIALIS

The common myth is that we receive a new body every seven years as cells die and are replaced. However, stomach cells are renewed every two days or so because of acids and enzymes. Skin cells are replaced every two to three weeks. Bone cells last about ten years, and our brain cells stay with us for our entire lives. In a sense, then, we might say that our bodies are pruned, part of us remaining long-term to nurture and sustain like the trunk of a tree, and part of us severed so that life may be renewed and continue on.

If so with our bodies, are not our spirits also pruned? There is a core part of who we are that wends its way throughout our lives. Yet that "who" has rough edges in need of being smoothed; barbs need to be dulled; and certain inclinations simply need to be severed. Spouses tend to prune one another, the grace of a loving marriage. Children sometimes keep parents honest. Life events may grind down our independence and self-sufficiency. Illnesses, aging, job loss, the death of loved ones—all forcing us to recognize that we are not in control of life. We are thus pruned, forced to surrender much of what we once thought we could control.

Where is God in all of this? If God is woven into the warp and woof of all life, then all the events and rhythms of life can draw us closer to God, pruning us into goodness and fruitfulness. ●

Reflect

How have you been pruned and has this pruning led to new growth, new life?

[Jesus said,] "I am the true vine, and my Father is the vine grower. He takes away every branch in me that does not bear fruit, and every one that does he prunes so that it bears more fruit."

Story Time - **THE VISITOR**

One day, a man went to visit a church. He arrived early, parked his car, and got out. Another car pulled up near him, and the driver told him, "I always park there. You took my place!"

The visitor went inside for Sunday School/ Catechism, found an empty seat, and sat down. A young lady from the church approached him and stated, "That's my seat! You took my place!" The visitor was somewhat distressed by this rude welcome but said nothing.

After Sunday School, the visitor went into the church and sat down. Another member walked up to him and said, "That's where I always sit. You took my place!" The visitor was even more troubled this treatment, but still said nothing.

Later, as the congregation was praying for Christ to dwell among them, the visitor stood, and his appearance began to change. Horrible scars became visible on his hands and on his sandaled feet. Someone from the congregation noticed him and called out, "What happened to you?"

The visitor replied, "I took your place."

PRAYER

Thank you, Lord Jesus, for taking my place on the cross.

I was the sinner, not you. I deserved punishment, not you.

Help me to find a place in my open wounds to shelter others in their woundedness. In your name.... Amen.

Are you joyful when participating in parish ministry? Do you give gratefully and generously with your financial support to your parish and other Church needs? If not, it's not too late to start!

HAVE A PRAYER REQUEST?

If you or someone you know is in need of prayer, the holiness commission, our clergy and staff will lift up your prayers. Send requests to: prayer.request@stwalterchurch.com. WEEKLY STEWARDSHIP RECOMMENDATION

Reduce car idling to save money and reduce pollution

Unnecessary vehicle idling wastes six billion gallons of fuel per year, contributing to smog and air pollution according to the US Dept. of Energy. These emissions make air unhealthy, especially for children and elderly people, and increase the likelihood of global warming.

Except in traffic, turn the engine off if you'll be static for more than 10 seconds, especially while running an errand, waiting for someone, or at a long stop like a railroad crossing. With modern engines, idling is actually harder on your engine than shutting it off. Even in the winter don't idle a cold engine for more than 30 seconds because engines warm up better by being driven gently.

Stop Assisted Suicide

A Better Way Forward – A Message from the Catholic Bishops of Illinois

Legislation has been introduced to legalize assisted suicide in Illinois. SB 3499 makes it legal for a physician to prescribe an array of lethal drugs to a person diagnosed with a terminal disease who requests to end his or her life. The Catholic Bishops of Illinois oppose this legislation; there is a better way forward for our state.

Assisted suicide disregards the Hippocratic Oath, "Do No Harm," and sends the wrong message about the role of medical professionals. We cannot say it any better than the American Medical Association: "Physician assisted suicide is fundamentally incompatible with the physician's role as healer, would be difficult or impossible to control, and would provide serious societal risks."

This legislation brings a range of possible abuses. It should alarm us that in states with legalized assisted suicide there are documented cases of people being offered inexpensive lethal drugs to end their life rather than being provided more costly treatment. The poor and those with disabilities are particularly in jeopardy because they are the most vulnerable to abuses. Every major national organization that represents people with disabilities is opposed to assisted suicide.

In Oregon, where assisted suicide has been legal since 1997, data show that pain is not among the top five reasons why a person wants to end their life. Loss of autonomy, feelings of being a burden and being less able to engage in activities that make life enjoyable are most often cited as reasons for choosing assisted suicide. A better way forward is to expand mental health coverage and strengthen social supports such as community programs to help those dealing with depression and feelings of hopelessness.

No one wants to suffer or experience a loved one's suffering. Fortunately, there are effective ways to alleviate suffering or make a person more comfortable at the end of life through palliative care. This relatively new specialty area of medicine cares for the whole person — physically, emotionally, socially, and spiritually — to relieve symptoms and stress that often accompany serious illness or side effects of treatment. A better way forward is to expand the number of palliative care locations and services in all areas of Illinois.

RESOURCES FROM THE CATHOLIC CONFERENCE OF ILLINOIS

Assisted suicide is not a compassionate solution for those who suffer. There is a better way forward that offers compassionate care and compassionate choices.

Dear Padre

April 28, 2024

Several months ago my son died in a tragic car accident. Life, work, family, and even religion seem so meaningless now. How can I find my way back?

You have suffered a great loss. When you are able, you can choose to live in a way that will respect both your son's memory and your own ongoing life. Here are a few gentle steps that might help.

- Expect to feel numb at first. This is nature's way of helping you deal with your loss. Keep following the normal patterns of your life and, eventually, meaning will return.
- Allow your friends to help. "Sorrows shared are sorrows lessened."
- If you are sad, let the tears come! Even Jesus cried at the death of his friend Lazarus (John 11:32-35).
- If you are angry, look for a healthy release. Focus the energy of your anger into productive work, even if it's just doing dishes or yard work.
- Use your experience to help others. While helping others, the Lord often reveals to us the meaning of our own losses.
- Don't be afraid to seek professional help. A therapist has the expertise to help you talk about your loss and cope with your grief.
- Pray for yourself, for your son, for all whose lives he touched, for all those who are grieving.
- After you have done everything you can, leave your loss in God's hands. The Lord will do for you what you cannot do for yourself. ●
