RESPECT LIFE

Prolife Grandfather. An Epiphany parishioner writes: While I was enjoying my breakfast at the Barrel House Cafe, I had noticed that there was a group of men sitting together celebrating a newborn grandson. When I had overheard this, I went over to the table to congratulate them and offer the grandfather money to buy a gift for his newborn grandson. After this notion he said to me, "I used to be pro-choice, until I went to the Anoka County Fair and looked at the fetal models on display." Even though at times it seems that our work might go unnoticed, it is moments like these that makes our work at the MCCL booth worth it! By just having our presence at the fair, we can be silently changing minds and moving hearts. **Local contact Pat Bock 612.710.2317 or Epiphany Parish Office 763.755.1020**

**COLOR THE IMMACULATE HEART
VIRGIN MARY**

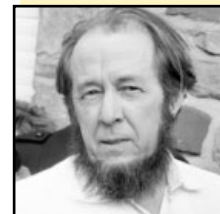

You must understand, the leading Bolsheviks who took over Russia were not Russians. They hated Russians. They hated Christians. Driven by ethnic hatred they tortured and slaughtered millions of Russians without a shred of human remorse. It cannot be overstated. Bolshevism committed the greatest human slaughter of all time. The fact that most of the world is ignorant and uncaring about this enormous crime is proof that the global media is in the hands of the perpetrators.

The strength or weakness of a society depends more on the level of its spiritual life than on its level of industrialization. Neither a market economy nor even general abundance constitutes the crowning achievement of human life. If a nation's spiritual energies have been exhausted, it will not be saved from collapse by the most perfect government structure or by any industrial development. A tree with a rotten core cannot stand.

If only it were all so simple! If only there were evil people somewhere insidiously committing evil deeds, and it were necessary only to separate them from the rest of us and destroy them. But the line dividing good and evil cuts through the heart of every human being. And who is willing to destroy a piece of his own heart?

I hope that no one present will suspect me of offering my personal criticism of the Western system to present socialism as an alternative. Having experienced applied socialism in a country where the alternative has been realized, I certainly will not speak for it. The well-known Soviet mathematician Shafarevich, a member of the Soviet Academy of Science, has written a brilliant book under the title Socialism; it is a profound analysis showing that socialism of any type and shade leads to a total destruction of the human spirit and to a leveling of mankind into death.

The simple step of a courageous individual is not to take part in the lie. "One word of truth outweighs the world."

Aleksandr Isayevich Solzhenitsyn was a Russian novelist. One of the most famous Soviet dissidents, Solzhenitsyn was an outspoken critic of communism and helped to raise global awareness of political repression in the Soviet Union, in particular the Gulag system.
