JANUARY 31, 2021 ~ 4TH SUNDAY IN ORDINARY TIME

## Hooray for Catholic Schools

Catholic Schools Week is upon us. The festivities run from January 31 to February 6. It's time to feature one of the most important ministries of the Church and our parishes, and to toot our own horn about the excellent quality of education offered by our Catholic schools.

I am a lifer when it comes to Catholic schools, and I treasure my Catholic education. I have attended Catholic schools every step of the way: elementary school at Incarnation in South Minneapolis; high school and junior college at Crosier Seminary in Onamia, Minnesota; an undergraduate degree at St. Francis College in Fort Wayne, Indiana; and a graduate theology degree at Catholic Theological Union in Chicago. My teachers have been the Sinsinawa Dominican Sisters, the Crosier Fathers and Brothers, the Sisters of St. Joseph, and many other religious and dedicated lay teachers.

The Catholic faith is woven into every aspect of the curriculum, and it sets the bar for student beliefs, attitudes, and conduct. I will never forget the lasting impression made by my high school biology teacher, Fr. Henry Mehr, as he expounded upon the intricacies of cell structure, paused, looked up, and exclaimed to us wide-eyed students, "God be praised! God created all this!" It is no wonder that spiritual values have become the fabric of my being.

I have gone from learning at Catholic schools to serving in them for my entire ministerial life, first as a high school teacher and coach at Crosier Seminary, and then at Central Catholic at Grand Island, Nebraska. I was briefly an administrative assistant at Hales Franciscan in Chicago, and then moved on to the parish schools at St. Stephen's in Anoka and St. Bartholomew's in Wayzata. Watching so many young people in these Catholic schools "advance in wisdom and age and favor before God and man" (Lk 2:52) has been one of the most gratifying experiences of my life.

Catholic schools are unique. The principal may be in charge, but Jesus is always most important and is the first Teacher. The school calendar may be in quarters or semesters, but the liturgical calendar and its seasons and feasts are always celebrated. It is necessary to have a school handbook with a clear set of policies and rules, but the primary guidebook is always the gospel. Society touts freedom of expression and speech, while Catholic schools foster decorum and well-governed speech. Catholic schools offer learning imbued with spiritual values.

If you are a parent with preschool-age children, please make a Catholic education a priority for them. If you are a parent with school-age children and have them enrolled in a Catholic school, thank you. If you are a parent with school-age children and do not have them enrolled in a Catholic school, please consider it. The doors are always open. Transfer students are always welcome. If you do not have school-age children yet support Catholic education with your donations, by volunteering at the school, or by spreading the good news, thank you. If you do not have school-age children and have not had much to do with a Catholic school, please consider jumping on the band wagon because it is rewarding to be part of a winning effort.

Our Catholic schools are fantastic. The academics are rock solid. The Catholic faith is taught with joy and conviction. The name of Jesus, the great Teacher, is proclaimed unabashedly, so each student will come to know, love, and serve their Master and Lord.

## JESUS: THE DIVINE PHYSICIAN, THE GREAT HEALER

The gospels in early Ordinary Time of Year B are taken from the beginning of the Gospel of Mark, and the texts from Week Four to Week Seven constitute a vertical thread, a spiritual concept or theme that connects a set of readings over a series of weeks. The thread is that Jesus is the Divine Physician (see Mk 2:17), an astounding miracle worker, a phenomenal healer, one who possesses the creative and restorative power that belongs to God alone.

In ancient culture, people had four main fears: natural disasters, demonic possession, illness, and death. No human being has power over any one of these injurious or lethal forces, yet Jesus had power over them all. Collectively, these gospels make a convincing statement about who Jesus is. His cures far exceeded human power. He wielded unparalleled power. It was divine power. Jesus is the Son of God.

**Week 4B: The Cure of the Demonic (Mk 1:21-28).** In this gospel Jesus encountered a man possessed by an unclean spirit. People knew nothing of metabolic disorders, neurologic disease, or mental illness. If a person demonstrated a peculiar behavior, had seizures or spasms, or went into convulsions, people thought that it was caused by an evil spirit because demons make bad things happen. Jesus sternly rebuked the demon, "Come out of him!" (Mk 1:25), and once Jesus issued his order, "the unclean spirit convulsed him and ... came out of him" (Mk 1:26). If someone else had given the order, nothing would have happened, but when Jesus gave the word, the man was cured. It was power that the people had never witnessed before.

**Week 5B: The Cure of Peter's Mother-In-Law's Fever and the People at the Door (Mk 1:29-39).** Later the same day Jesus went to the home of Simon and Andrew. Simon's mother-in-law had a fever. People knew nothing about bacteria and viruses. They did not have antibiotics, fever reducers like Ibuprofen or Tylenol, or IV fluids. People dreaded fevers because they quickly raged out of control and often caused death. All Jesus did was to grasp her hand, and the fever left her immediately. His power was simply astonishing. Later the same evening, the sick were brought to the door. There were no hospitals, diagnostics, or surgical options. Those with disease were hopeless and left to languish, but Jesus cured many of them (Mk 1:34).

**Week 6B: The Cure of the Leper (Mk 1:40-45).** People were petrified at the thought of leprosy. Without accurate medical information, skin disorders were lumped together and considered highly contagious. The victims were forced to live in colonies in isolated places and people "avoided them like the plague." When Jesus cleansed the leper, not only did he cure his infirmity, he also restored him to his family and the wider community. The miracle changed the man's life forever and was cause for tremendous joy.

**Week 7B: The Cure of the Paralytic (Mk 2:1-12).** A paralytic was brought to Jesus on a mat. Paralysis can be caused by a spinal injury, and it often is a permanent disability. There were no MRI or CT scans, no rod or pins, no reconstructive procedures, and no orthopedic surgeons. There was no hope for a normal future. Jesus told the paralytic, "Rise, pick up your mat, and go home" (Mk 2:11), and he was able to do so. Jesus did the impossible; he reversed an irreversible condition. It was awesome to behold. The people were so astounded that they immediately glorified God (Mk 2:12). The possessed, sick, and injured were blessed with life in his name.

## STEWARSHIP

### Thank you for Your Continued Generosity!

“Brothers and sisters:I should like you to be free of anxieties.”

- 1 Corinthians 7:32

How much anxiety do we bring upon ourselves by constantly worrying about not having enough or attaining more things? God won't necessarily give you everything you want, but He will provide everything you need. Try this – use the word “pray” instead of the word “worry” in the future. Then pray for things instead of worrying about them.
