MONTHLY SOCIAL TEACHING - Care for God's Creation

We show our respect for the Creator by our stewardship of creation. Care for the earth is not just an Earth Day slogan, it is a requirement of our faith. We are called to protect people and the planet, living our faith in relationship with all God's creation. This environment challenge has fundamental moral and ethical dimensions that cannot be ignored.

WEEKLY VIRTUE: PRUDENCE

KNOW IT:
Enables one to reason and act rightly in any given situation- 'right reason in action.'

LIVE IT: Pray for guidance. Seek sound advice. Think about the situation. Act upon the decision.

PRAY IT: O my Lord Jesus! Teach me to be generous; teach me to serve You as you deserve; to give, and not to count the cost; to fight and not to heed the wounds; to toil and not to ask for rest; to labour, seeking no reward, save that of knowing that I do Thy will. Amen.

ST. FRANCIS XAVIER - Francis Xavier, at age 24, was living and teaching in Paris. A good friend, Ignatius of Loyola, whose tireless persuasion, finally won the young man to Christ. Francis then made the spiritual exercises under the direction of Ignatius, and in 1534, joined his little community, the infant Society of Jesus. Together at Montmartre they vowed poverty, chastity, obedience, and apostolic service according to the directions of the pope. He was ordained a priest in 1537 in Venice and went on to Lisbon. From there sailed to the East Indies, landing at Goa, on the west coast of India. For 10 years he labored to bring the faith to the Hindus, the Malaysians, and the Japanese. He spent much of that time in India, and served as provincial of the newly established Jesuit province of India. Wherever he went, Xavier lived with the poorest people, sharing their food and rough accommodations. He spent countless hours ministering to the sick and the poor, particularly to lepers. Very often he had no time to sleep or even to say his breviary but, as we know from his letters, he was filled always with joy. Xavier made his way to Japan where he learned enough Japanese to preach to simple folk, to instruct, and to baptize, and to establish missions for those who were to follow him. He had dreams of going to China, but before reaching the mainland, he died. His remains are enshrined in the Church of Good Jesus in Goa. He and Saint Thérèse of Lisieux were declared co-patrons of the missions in 1925.

PRAYER

Prayer is the joy of the Christian life. Here are some basic steps to get there:

1. Start simply with 10 minutes each day in prayer or reading the Bible. It is so doable !
2. Transforming your relationship with God is next. The Prayer 101 experience is the concrete step.
3. The final step is complete commitment. This is achieved when we take a 1/2 hour of meditative/ contemplative prayer each day to nurture our relationship with God.

AFTER THE VOWS: SEX WITHIN MARRIAGE

by Brian Kissinger

I'll never forget what happened at about 2:05pm on April 14. In front of my family, friends, and God, I swore in church. And then the girl standing next to me swore. It wasn't bad; it was actually a good thing. We publically swore that we would love each other faithfully for the rest of our lives and we begged God to seal and strengthen our commitment.

One of the reasons that the Church believes that weddings are a public event is because the love between husband and wife is a visible sign that's supposed to point to Jesus' love for His bride, the Church. As a visible sign, our marriage tells the world what Jesus' love is like for the Church and how the Church is to respond to Jesus' love.

In marriage, the words of our wedding vows "become flesh" in the way we speak to each other, the way we speak about each other, and the ways we act toward each other. On our wedding day, we promised that we would love each other: Freely, Totally, Faithfully, and Fruitfully. To take any of those four qualities out of the equation would offer a pathetic substitute for love. The most profound way that the words of the wedding vows "become flesh" is through sexual union. When a husband and wife make love they are renewing, with their bodies, the vows that they made on their wedding day (CCC 2360). Both the husband and the wife are called to give themselves freely, totally, faithfully, and fruitfully.

Some people are shocked to discover that the Catholic Church teaches that getting married doesn't mean you can just do whatever you want in the bedroom. When a couple uses contraception, one person is choosing to hold something back from their spouse: their fertility. They mistakenly believe

that contraception would bring freedom to marriages by taking away the 'risk' of children. Instead, both husband and wife experience less-than-love when they give each other less than everything. The love between husband and wife, specifically in their sexual union, was always meant to be an image of God's free, total, faithful, and fruitful love for us.

The Church's call to married couples is to love as Christ loves. The Catechism expresses this beautifully: "God who created man out of love also calls him to love, the fundamental and innate vocation of every human being. For man is created in the image and likeness of God who is Himself love" (CCC 1604).

At times, the couple may have serious reasons to postpone pregnancy; that's okay and a responsible thing to do. But even in these situations, contraception is never the answer. The couple may abstain during the fertile phase of the woman's cycle if they are trying to postpone pregnancy. This careful monitoring of the woman's cycle is called Natural Family Planning (NFP), and it gives the couple the opportunity to learn to show their love for each other in nonsexual ways during those periods.

Even though both may seem to be aimed at the same goal of postponing pregnancy, NFP and contraception are vastly different. Polls have shown that many Catholic couples use contraception; we shouldn't be surprised that the Catholic divorce rate isn't too much better than that of non-Catholics. (Those couples following the Church's teaching on NFP have a dramatically lower divorce rate.) Is this teaching easy? Nope. Is it worth it? Absolutely.

At St. John Paul II Catholic Schools (JP2 Catholic Schools) Little Deacons Program, children celebrate their Catholic faith as an integral part of their environment. Our program follows the guidelines for the developmentally appropriate practices as set by the National Association for the Education of Young Children (NAEYC) and includes:

- **SPIRITUAL**
(Relationship to God)
- **SOCIAL/EMOTIONAL**
(Self and Others)
- **PHYSICAL DEVELOPMENT**
(Large and fine motor)
- **LANGUAGE**
(Oral and Written)
- **COGNITIVE**
(Thinking and problem-solving skills)

A CHILD-CARE STEP TO PRE-KINDERGARTEN

The early years are a time when children begin to develop an understanding of the world around them. The Little Deacons Program provides numerous opportunities for children to demonstrate and practice their decision-making and self-help skills in a safe, supportive environment.

Your child will experience: *prayer, individual and small group learning through a variety of activities in math, science, social games, language, music and movement, fine motor skills and finger plays, gross motor skills, creative drama, and art.* Social development is a priority.

The Little Deacons Program is a premier childcare experience that builds active minds, healthy bodies, and happy hearts for children of all faiths. Our program meets all the requirements set forth by our state and is licensed by the State of North Dakota. The Little Deacons program is staffed with dedicated teachers who create a safe and respectful learning environment filled with creative play and age appropriate learning opportunities.

Little Deacons offers full day and half day sessions five days/week year-round for children who are 3 years old.

Our goal is to ensure that every child is happy, successful and ready to take the next academic step to Pre-Kindergarten.

"Let the children come to me. Do not hinder them. The Kingdom of God belongs to such as these."

— MATTHEW 19:14

A PRICELESS INVESTMENT

We understand that a Catholic education is a commitment as well as an investment in your child's future. JP2I is dedicated to maintaining high quality programs that are financially competitive with other local programs, making them affordable for all families.

A GENUINE AND PROFOUND FORMATION

The Little Deacons Program brings a specifically Catholic dimension to Montessori education through the Catechesis of the Good Shepherd (CGS). CGS responds to the child's silent plea at every age:

"Help me come closer to God by myself."

Our program follows the philosophy of the "Nurtured Heart Approach" which encourages pro-social behavior by recognizing it within each child and discouraging negative behaviors by clear limits and consequences delivered with minimal energy.

ENROLLMENT PROCESS

We thank you for making Catholic education a priority in the life of your family and child.

Applications are accepted year-round online. www.jp2schools.org/admissions
For priority admission, complete and submit an application form, plus the required registration fee to assure placement in the program.

Stewardship Moment

"It is easier for a camel to pass through the eye of a needle than for one who is rich to enter the kingdom of God." (MARK 10:25)

Jesus uses tough language that we may not want to hear. However, we are all called to be generous with all of our gifts. Not just the ones we pick and choose, but all our gifts, and especially the one that means the most to us! That includes our time in prayer to God, our talent in participating in parish ministries and our treasure supporting our local parish and other charities.
