## FROM THE DESK OF FATHER DAVE

### LET'S TRY THIS AGAIN -

#### BULLETIN INSERT: ANNUAL MISSION APPEAL

As you may remember, each year every parish of the Archdiocese is asked to support the missions through two collections. The one collection is a general Mission Appeal that is distributed on a worldwide basis. The other collection is for a specific mission organization that usually sends one their representatives to the parish to talk at all the Masses on a given summertime weekend. – Last year it was Sr. Rose Hang Vu in August.

This year the Archdiocese has asked us to host a Redemptorist priest Fr. Chuong Cao. (pictured above) He originally was scheduled to visit us in June, but asked to delay his trip because of funeral. Now he will be with us the weekend of August 27-28 which happens to be – next weekend. He will preach at all of the Masses next weekend and celebrate the two Sunday morning masses as well. He will also hear confessions on Saturday afternoon. We are delighted to welcome Fr. Cao.

The enclosed insert explains the work of the Redemptorists specifically in Nigeria, and I thought that it might be helpful for you to have it as background for his appeal next weekend.

#### LET THE LIGHT SHINE FORTH

If you are a regular attendee at our 5pm Mass, you may have noticed that as the summer sunlight has begun to fade over the last few months, our sanctuary area (altar, pulpit, presider's chair, tabernacle) has also gotten progressively darker – such that it's becoming quite noticeable. That is because of the 16 floodlights that illuminate that part of the church, only 5 are still working. The rest of the light bulbs aimed at the sanctuary are burned out. The problem is that those old style bulbs are not made in the USA anymore, so only Chinese made products are available and honestly they just don't last – sad to say, they are junk.

It is for this reason that I have written in a past article about converting to LED lighting. Because of the huge up front cost we decided to begin with only replacing the sanctuary lights because they are difficult to change (we need a motorized lift), and those bulbs use the most energy. The Finance Council gave the approval months ago, but because of supply chain issues, we couldn't get the parts. Well, the parts have finally arrived – just in time to fend off winter darkness.

So by the time that you read this article we will have replaced the 2 lights over the Joseph statue, the 2 over Mary, and the 16 illuminating the rest of the sanctuary.

Below you will find a picture comparing an old light versus one of the new LED lights.

The fixture on the right is one of the old light fixtures. (I placed a Gather hymnal next to it for a size comparison.) The bulb inside of this floodlight resembles a very large old style automobile headlamp. Each bulb was 500 watts, so when all 20 of them were illuminated we used 10,000 watts of electricity just for the sanctuary area.

The fixture on the left is one of the new LED floodlights. As you can see it is noticeably smaller. The bulb in each of these lights uses 54 watts of electricity yet puts out the same brightness (lumens) as the older larger lamps. So when all 20 of the new lights are turned on they will use 1080 watts (slightly less than a toaster) compared to 10,000 watts for the old lights – almost 90% less energy – and they each give the same amount of light. Quite a difference! Plus, the electrician says the new lights will last “indefinitely”. (In fact they are not replaceable – if one fails one must buy a new fixture.) Also the new bulbs are dimmable.

At this point we are not yet changing the rest of the church lighting to LED because of the cost. Enjoy our brightly lit sanctuary again!  
- Fr. Dave

**“Around us there is the presence of evil. The devil is at work. But in aloud voice I say: God is stronger!” (Pope Francis)**

The eye of God is forever upon us!  
God keeps looking upon us with great love and affection,  
With tenderness and refusal to abandon us!  
God's eye searches us to the core and tells us how much we are worth as His beloved Sons and Daughters.

As Summer begins to turn into fall,  
Our hearts begin to turn towards God,  
In new ways...  
Time to register for Faith Formation...  
Time to Prepare for the Block Party...  
Time to Ponder RCIA—Should I be involved?...  
Should I be a Catechist this Year?  
What about being a Prayer Partner for a Confirmation Candidate?  
What does God ask of me in this new season?  
What do I give my heart to?

You O Lord are Always Near to Me,  
I place my trust in YOU.

Call Theresa if you wish to be involved in Fall Programs!

This is going to be hard to explain, but I will do my best. August 9th started out like any other Tuesday. As usual, Jill and I both woke up around 7:00 AM, and I told her how beautiful she was and how lucky and happy I was to be married to her. But there was something different about today. That's right. It wasn't going to be business as usual today. We had a date in the mountains. Well, at least one mountain. We arrived there about 10:15 AM. It really promised to be a bluebird day, and it was, high was to be in the mid-80's, without a cloud in the sky. What a day to play hooky, oops, I mean what a day to schedule an outing. It was St. Bridget's First Annual Camaraderie Extravaganza at Wild Mountain Waterpark, and it turned out to be more fun than jumping through a chalk painting, riding a merry-go-round or winning the Derby.

I was a little nervous about the turnout because advance ticket sales were not quite what I had hoped for, however, all for naught, several large families showed up unexpectedly, and we were able to utilize all eight picnic tables under an 800 square foot canopy. That is, we used them for a slight respite and some nourishment between the lazy river, the Alpine slide, the go-karts (2 things, don't get in the pink car, it's a real hog, and don't try to take on Isabella in a go-kart race). There was also the Freefall XP, jumping onto an overinflated air mattress from about 25 feet in the air. To top things off were the multiple waterslides. I will have you know, your Youth Minister, in order to save face, (and after being double and triple-dog-dared) descended into the Black Hole waterslide, a (ride?) tubular water adventure that travels underground. It's about a 175 ft. tube and the (ride?) lasted about 7 seconds. You do the math. Oh, and by the way, I haven't had that much fun in years. Thanks again for all who came and for those that were there in spirit.

Now, for the upcoming Faith Formation season. I have sent out the big ask to the parents of all Faith Formation students, or at least last year's K-10th grade, and now I am asking YOU. I mentioned last week, and we all know it, that Catholic youth and Catholic young adults can't seem to hit the exits fast enough. Why? I would need five columns to mention all the possibilities, but we all know many of them.

This year, the 6-8th graders will try something different, but in order for it to have a chance to be effective, it will need the support of enough catechists to keep class sizes small. This year, we will dive into scripture, finding out what God is telling us, and what does it mean to us, in our lives. How can we respond to the Lord? What conversion of the mind, heart, and life, is the Lord asking of me? And now, what action do I take? And we will discuss. And the smaller the class size, the better and more intimate the discussion. I am looking for four or five brave adults (after all, this is middle school) who are willing to donate about 23 Wednesday evenings over the course of this Faith Formation season in an attempt to instill in our youth a relationship with Jesus that has eternal lastingness.

We will meet in the conference room from 11:15 to 1:15. Cost is \$32 for the study guide and at-home web access to the videos.
