CATHOLIC SCHOOLS WEEK

January 30– February 5

The theme for National Catholic Schools Week 2022 is “Catholic Schools: Faith. Excellence. Service.” OLLIS will observe the annual celebration week with mass, theme days and other activities. We will focus on the value Catholic education provides to our youth and its contributions to our church, our communities and our nation. Be sure to follow OLLIS and OLL social media pages for more information and follow along as we celebrate Catholic schools. Did you know 85.2% of students who attend Catholic school attend a 4 year college? (OLLIS is on Facebook and Instagram and OLL can be found on Facebook.)

2021 GIVING TREE

The 2021 Giving Tree project was another huge success this year. Thanks to all the volunteers and those who adopted one or more of the 260 individuals that our parish sponsored. Gifts were purchased for children/parents, shut-ins, and Woodhaven residents. In addition to the gifts that were purchased, approximately \$8,114 in cash donations was received from parishioners to purchase food vouchers for the individuals that were sponsored and to cover the operating expenses of the Giving Tree project. Finally, the K of C also donated winter coats for the children. Our total expenses were approximately \$5,892. Of which most of those funds were used to purchase the food vouchers. The remaining expenses were to purchase additional gifts and supplies. The remaining cash of approximately \$2,222 was donated to the St Vincent de Paul Society to help additional individuals that are in need.

GOSPEL MEDITATION

"We are called to live our baptism every day, as new creatures, clothed in Christ." – Pope Francis

What reference point do you use when making decisions? Many times, impulse takes control and decisions are made based solely on emotion and desire. We all know that these types of decisions can often get us into trouble. When a person has a confident sense of who they are and a real understanding of what is important and of value, the likelihood of kneejerk impulsive choices diminishes. Baptism gives us what we need to make well informed and purposeful decisions. By this simple gesture, God claims us as His own and provides us with the identity and purpose we need to properly live life.

It is tremendously reassuring, when we truly embrace this revelation and realize that we no longer have to wonder about the purpose of our lives or struggle to find our way. The answer of who we are in God has been given to us. We no longer have to fumble around, trip over ourselves or walk aimlessly about. Issues surrounding the sacredness of life, the meaning of death, the protection of those most vulnerable, care for the weak and the poor, offering hospitality to those in search of a home, the purpose and proper place of work, how to create a just social order, caring for creation, and understanding our roles as heralds and stewards are just a few of the wonderful gifts baptism brings. When we make decisions based on things such as these core Gospel truths we really act as Christ himself, revealing to others the new creations that we are. This is how we live our baptism.

It is difficult to walk against the tide. Yet, that is precisely what baptism calls us to do. Although we are sinners, in need of mercy and far from perfection we are called to order our life and make decisions based upon the wisdom and guidance of Almighty God. He alone is the one who can claim us as His sons and daughters. Standing up for our principles will not make us popular. But who ever said Christianity is a popularity contest? Baptism calls us to stand up for that which goes against the grain of secularism. Standing in line with other sinners, we have our anchor to steady us in the tempests of life and God is very pleased. Forge ahead. There is nothing to fear.

"I WISH I KNEW ABOUT THIS TREATMENT SOONER"

Columbia resident Ellen suffered the painful side effects of peripheral neuropathy. "I couldn't walk. It was that broken glass feeling. Nothing touched it."

Before Ellen found relief at Acupuncture of Columbia, she suffered for many months from her diagnosis of peripheral neuropathy.

"I had neuropathy in my legs and feet. They were numb. I had shooting pains, and pins and needles. It felt like I was walking on broken glass all of the time. It was awful."

Ellen tried prescription pharmaceuticals and over the counter medications. "All of that didn't work." Then Ellen found Gina Butler of Acupuncture of Columbia. Her personalized neuropathy program helps to greatly reduce its symptoms and give people their lives back.

"Acupuncture is incredible at restoring blood flow and stimulating the regrowth of damaged nerves to prevent them from dying off completely," says Gina. "We take our treatments a step further by also integrating electro acupuncture, microcurrent therapy and custom herbal prescriptions for neuropathy."

Now on a maintenance program, Ellen says she enjoys her treatments at Acupuncture of Columbia. "It's wonderful. The space is serene, healing and peaceful. And the staff are so friendly and helpful. But most of all I can walk and hike. And I can sleep!"

"My doctor applauded me for seeking alternative methods when my condition did not improve," Ellen says, "I wish I knew about this treatment sooner. I'd encourage anyone with this debilitating condition to try Acupuncture of Columbia."

To determine whether or not you are a good candidate for our neuropathy program, an initial consultation is required. Call (573) 303-5522 today to schedule.
