“As the test of what the potter molds is in the furnace”

During a recent time of retreat I was given the scripture about the potter. What I came to see over a few days of prayer was that I was an imperfect vessel created by a loving Father. But what I felt he was asking me to do surprised me. Through the story of the prodigal son I felt the Father was asking me to be filled with compassion toward those who have offended me.

Today's first reading reminds us that the vessel which we are must be fired in extreme heat. The pot once molded must be placed in the furnace to be able to hold its shape and fulfill its purpose. The “furnace” which God allows come in many ways into our lives. Maybe it is the furnace of suffering, job loss or financial struggles.

Maybe it is relationship problems or a need for forgiveness and healing. When this furnace come we can be tempted to think that the potter doesn't care. Yet God our Heavenly Father must prove our faith if it is to give life to others. As we enter into Lent we are invited by a loving Father, Abba our Daddy in heaven to allow him to place us in the fire of his love. His love purifies us and prepares us to hold His love and mercy to be shared with others. Blessed LENT! Please take advantage of the great Lenten missions in the area and the small faith sharing groups in both parishes

Eternal rest grant unto them, O Lord, and let your perpetual light shine upon him. May the souls of all the faithful departed, through the mercy of God, Rest in peace.  
Bernadine Stech
