A MESSAGE FROM VERY REVEREND SETH GOGOLIN

This previous week, on Monday, July 10, two international priests arrived at the Cathedral. They will be with us for a period of about three months. This time will allow them to become more acclimated and will enable them to get the necessary documents (Social Security card, driver's license etc). After this time, if all is in order, they would receive an assignment elsewhere in

the Diocese. I'd like to share a little about each of the priests that are living at the Cathedral as you will see them from time to time in both our parishes.

Reverend Rajasekhar Dasari (Fr. Sekhar) Fr. Sekhar is 36 years old. He was ordained on April 9, 2018, for the Diocese of Bettiah, Bihar, India. The Diocese of Bettiah is in North Central India. He has a B.A. in Philosophy and Theology. Since ordination, he has served as a parish priest, the Principal of a Mission School and the Headmaster of a Middle School.

Reverend Jose Babu Madagiri (Fr. Babu) Fr. Babu is 48 years old. He was ordained on April 24, 2001 for the Diocese of Nellore, Andhra Pradesh, India. The Diocese of Nellore is in South-East India. He has degrees in Philosophy and Theology as well as a Licentiate in Church History from the Pontifical Gregorian University. He served as a professor in Church History at the Regional Seminary for fourteen years. He is currently serving in a parish.

Although their primary work they will be doing these next three months will be focused on getting acclimated to our diocese and getting necessary documents in order, you will see them serving our parishes to help with coverage on days off and vacation so that Fr. Jacob and I don't have to do all of the Masses when one of us is unavailable. There are a lot of needs in our diocese for priests right now. So I am grateful for Fr. Sekhar and Fr. Babu saying yes to coming to serve all of us in the Diocese of Duluth.

We currently have three pastorates—and a total of six parishes—in our diocese that are being staffed by retired priests for the Sacramental needs of the parishes while we have deacons administering the parishes. Come August first, we will have another open pastorate which consists of two parishes in a similar situation. This is concerning for a few reasons. Firstly, as grateful as I am for our retired priests, we do not want to burn them out. They are deserving of retirement, and furthermore they are the main source of weekend coverage when active priests take vacation. If we don't have retired priests around, we may not have the means for priests in assignments to take needed vacation. Secondly, there are several priests who are away from active ministry who need healing. There are too many stresses that priests have on their shoulders and they either aren't dealing with in a healthy way, or they feel like they cannot say no to the many demands in parish life and are getting burned out. Lastly, although I am so grateful for our international priests coming to our aid, it shows that we either have too many parishes and/or that we are not doing an adequate job encouraging young men in our diocese to consider a vocation to the priesthood. Pray for more vocations, talk about vocations as families, and encourage young men to consider the possibility of a call to the priesthood, and lastly pray in thanksgiving for Fr. Sekhar and Fr. Babu. God Bless.—Fr. Seth

FIFTEENTH SUNDAY IN ORDINARY TIME

FAITH FORMATION

Jesus often uses parables to teach because the meanings of parables are not self-evident. We the listener must engage in some degree of reflection in order to understand the message of a parable. Those who are willing to engage themselves in this effort and how it applies to their life will be rewarded by the message they discover.

The parable of the sower in today's Gospel is one of my favorites. It encourages us to reflect on how we approach our faith. Are we the seed that misses the soil, the seed that is sown on rocky ground, the seed that is sown among other plants that will not let it grow, or the one that grows best in

The message in this parable about the kingdom of heaven is the same, no differences among the seeds is noted. But the result in each case is vastly different, depending upon how the message is received.

We have a choice to make in our faith life. Are we going to be the seed that will be easily swayed away from the message of Jesus Christ? Will we receive the message for a time but lose it when faced with difficulties? Will we hear the word, but then permit other cares to choke it out? Or will we hear and accept the Word of God with a sincere and open heart and bear abundant fruit? The Choice is completely ours. Let us Pry that in the days ahead our lives will become the good soil needed for God's Word to take root. Take the time to pray, read scripture, and be attentive to the message being given to you so that you may be the good soil God wants you to be

God Bless,
Sonya
