### A Message from Father Shaun Haggerty, Pastor

About five weeks ago I found out that our current Principal Mrs. Briggs was hired to be the new principal at Lincoln Elementary. This happened during Holy Week, the busiest time of the year for priests. It was stressful, as you can imagine. Right away I asked you to all pray as well as our school children. We then advertised the position, collected applications, scheduled and conducted interviews, got the Bishop's approval, and now we have our new principal in less than a month's time! Amazing! Thank you, thank you to God and to you for praying and asking God to provide for us! I also want to thank Mrs. Briggs for all the wonderful things she has done in her two years with us and her willingness to assist in the hiring and transition process of the new principal. Below is the Bio of our new principal which we sent out to all the school families this past Friday, April 19th. Please welcome and pray for Mrs. Kara Schleusner! God has truly blessed us!

### New Principal Appointed

We are pleased to announce the new principal of Immaculate Conception School. Mrs. Kara Schleusner will serve as the school's principal during the 2024-2025 school year. She has most recently served as the Early Childhood Coordinator for the birth to six year old program with the Watertown School District.

A native of Florence, SD, Mrs. Schleusner earned her bachelor's degree in Special Education from Minnesota State University. She also earned her Early Childhood Special Education Endorsement from South Dakota State University and her Master of Arts degree in Educational Administration and Leadership from the University of South Dakota. Kara has been working with the early childhood program at McKinley Elementary since 2014. Previous to that, she taught within the Brookings School District and the Sierra Vista Public School system in Sierra Vista, AZ.

Mrs. Schleusner and her husband Kraig have five children. Their oldest, Konner, passed away when he was three months old. Their youngest four children are Kaleb (6), Klarice (4), Kody (3), and Kolt (1). Kaleb is currently in kindergarten at Immaculate Conception School and Klarice is in our PreKindergarten program. The Schleusners are devoted members of Immaculate Conception Church.

Please join Immaculate Conception School in congratulating Mrs. Schleusner on this new appointment. She will officially begin in her role on August 1, 2024.

Mrs. Schleusner will be succeeding Mrs. Becca Briggs who, earlier this year, announced that she would be continuing her leadership within the Watertown School District. Immaculate Conception School is grateful for the leadership and dedicated service Mrs. Briggs has given to Immaculate Conception School.

Please pray for our new principal, our teachers and staff, and Mrs. Briggs as we transition into new leadership.

Gratefully in Christ,  
Fr Shaun Haggerty, Superintendent  
Becca Briggs, Principal

## NURSE'S NOTES - Bridget Bauman, RN

### The Best Natural Remedies for Seasonal Allergies

Seasonal allergies affect more than 60 million people each year. There are easy steps you can take to bolster your immune system and relieve allergy symptoms.

### What Are Allergies?

Seasonal allergies, often referred to as hay fever, are symptoms that occur from exposure to types of spores or pollen that are released into the air by certain trees, plants, and fungi. Your body then thinks these materials are invasive pathogens and creates histamines or chemicals your immune system makes to protect you. This is great news for parasites or pathogens with bad intentions—not so great for otherwise harmless substances like pollen.

### Are You Making Your Allergies Worse?

While we have no control over the amount of pollen and ragweed in the atmosphere, there are things we may do that can actually *worsen* our allergies. Avoid the following to prevent exacerbating your allergy symptoms:

- **Using cheap air filters.** Studies show that quality air filtration can reduce airborne allergens and potentially relieve allergies. Opt for HEPA (high-efficiency particulate air) filters.
- **Showering only in the morning.** Not showering or bathing before bed can cause residual pollen on your body, hair, and clothing going to bed with you, which can cause flare-ups later.
- **Opening windows in your home.** It can be tempting to let the fresh air in on crisp spring days, and while fresh air is certainly one way to boost your immune system, on high-pollen days, it can actually make your allergy symptoms worse. Check the pollen count in your area before opening windows.
- **Letting pets sleep in the bed with you.** This could worsen your allergy symptoms. Just as pollen accumulates on your person and clothing, the same happens for any pets that have been outdoors for any length of time.
- **Not dusting enough.** Dust piles up quickly and can include a concoction of assorted allergens such as pet dander, mold, and dust mites that could wreak havoc on your allergy symptoms. Prioritizing spring cleaning and dusting your home thoroughly can help you to enjoy spring rather than white-knuckle your way through it.

Info from Dedicated Senior Medical Center.

St. Bernadette Soubirous, patron saint of allergy sufferers, pray for us!
