**POST-SYNODAL APOSTOLIC EXHORTATION
AMORIS LÆTITIA
OF THE HOLY FATHER FRANCIS
ON LOVE IN THE FAMILY**

Continued from July 11, 2021...

The Synod Fathers noted that “one symptom of the great poverty of contemporary culture is loneliness, arising from the absence of God in a person’s life and the fragility of relationships. There is also a general feeling of powerlessness in the face of sociocultural realities that often end up crushing families... Families often feel abandoned due to a lack of interest and attention on the part of institutions. The negative impact on the social order is clear, as seen in the demographic crisis, in the difficulty of raising children, in a hesitancy to welcome new life, in a tendency to see older persons as a burden, and in an increase of emotional problems and outbreaks of violence. The State has the responsibility to pass laws and create work to ensure the future of young people and help them realize their plan of forming a family”.²² The lack of dignified or affordable housing often leads to the postponement of formal relationships. It should be kept in mind that “the family has the right to decent housing, fitting for family life and commensurate to the number of the members, in a physical environment that provides the basic services for the life of the family and the community”.²³ Families and homes go together. This makes us see how important it is to insist on the rights of the family and not only those of individuals. The family is

a good which society cannot do without, and it ought to be protected.²⁴ “The Church has always held it part of her mission to promote marriage and the family and to defend them against those who attack them”,²⁵ especially today, when they are given scarce attention in political agendas. Families have the right to “to be able to count on an adequate family policy on the part of public authorities in the juridical, economic, social and fiscal domains”.²⁶ At times families suffer terribly when, faced with the illness of a loved one, they lack access to adequate health care, or struggle to find dignified employment. “Economic constraints prohibit a family’s access to education, cultural activities and involvement in the life of society. In many ways, the present day economic situation is keeping people from participating in society. Families in particular suffer from problems related to work, where young people have few possibilities and job offers are very selective and insecure. Workdays are long and often times made more burden some by extended periods away from home. This situation does not help family members to gather together or parents to be with their children in such a way as to nurture their relationships each day”.²⁷

²⁴ Cf. *Relatio Finalis* 2015, 11-12.

²⁵ pontifical council for The family, *Charter of the Rights of the Family* (22 October 1983), Introduction.

²⁶ *Ibid.*, 9.

²⁷ *Relatio Finalis* 2015, 14.

“A great number of children are born outside of wedlock, many of whom subsequently grow up with just one of their parents or in a blended or reconstituted family... The sexual exploitation of children is yet another scandalous and perverse reality in present day society. Societies experiencing violence due to war, terrorism or the presence of organized crime are witnessing the deterioration of the family, above all in large cities, where, on their outskirts, the so-called phenomenon of ‘street-children’ is on the rise”.²⁸ The sexual abuse of children is all the more scandalous when it occurs in places where they ought to be most safe, particularly in families, schools, communities and Christian institutions.²⁹

“Migration is another sign of the times to be faced and understood in terms of its negative effects on family life”.³⁰ The recent Synod drew attention to this issue, noting that “in various ways, migration affects whole populations in different parts of the world. The Church has exercised a major role in this area. Maintaining and expanding this witness to the Gospel (cf. *Mt* 25:35) is urgently needed today more than ever... Human mobility, which corresponds to the natural historical movement of peoples, can prove to be a genuine enrichment for both

to be Continued....

The apostles gathered together with Jesus and reported all they had done and taught. He said to them, "Come away by yourselves to a deserted place and rest a while." So they went off in the boat by themselves to a deserted place.

God Bless Our Military

Almighty God and Father, look with love upon our men and women in uniform and protect them in their time of need. Give them health and stability and allow them to return to their loved ones whole and unshaken. Be with their families and sustain them in these uncertain times. Grant strength and peace of mind to the Veterans who have given their best for the country they love. Support them in infirmity and in the fragility of old age. Teach us to remember their sacrifices and to express our gratitude. Manifest your tender care to those in the Military Academies who prepare for future service and to those who serve our Nation far from home. Teach us to remember the sacrifices of those whose efforts contribute to ensuring our way of life. Hear us as we present our prayers to You through Christ our Lord, Amen.
