We are most grateful to all our parishioners and visitors who support our collaborative. It is wonderful to see people coming to Mass and worshipping as a faith community. It is through your support that we serve our faith community. We thank you.

As a reminder, the offertory basket will be located near the back of the church near the main entrance. Please leave your offertory gift in the basket as you enter church. Ushers will be there to assist you. There will **NOT** be a collection during the Preparation of the Gifts. You may also continue to make your offertory gifts through Online Giving or drop them off at or mail them to the Pastoral Center. Below is a summary of recent offertory and other donations:

UP TO THE JOB

Have you ever had a job for which you didn't feel qualified? I think we all have, whether it was a paying gig or not. A lot of us parents often feel in awe of the magnitude of that role and lose sleep worrying that we made the wrong decision in one situation or a bad call in another. Some of us feel intimidated by what our communities need from us, on the parish level or in our personal relationships. Or maybe we are simply dreading a task that seems too big, too overwhelming — that necessary basement cleanout, or the weekly organization of family schedules.

When we don't feel qualified, we don't want to do the work. We get stuck in our own fear. That's the birthplace of procrastination, self-doubt and bitterness. When we look inward at our own abilities, we can only see all the traits

that aren't there. The intelligence, the dexterity, the ambition — whatever it is we lack, we get stuck on it.

I've got good news and bad news. I'll start with the bad news: none of us are qualified for the call of discipleship. We simply aren't. We don't have the love or grace or strength to get the job done.

Now I'll give you the good news: God knows this, and He doesn't care. Stewardship does not insist that we possess every good quality — no, as a way of life, stewardship recognizes that we lack so many qualities. But it shows us where to find the love and grace and strength we need. Stewardship does not demand that we know every answer; it merely reminds us who to ask when we don't.

—Tracy Earl Welliver, MTS

Why is the Church against stem cell research, especially if it offers the possibility of cures for diseases like Alzheimer's and Parkinson's?

Like so many issues, the truth about stem cell research is more complicated than a few sound bites and vague promises of cures. For the Church, the problem is with embryonic stem cell research, not the research itself. The destruction of human life, even for a seemingly noble cause, is never acceptable. The ends cannot justify the means. Stem cells can be obtained in other ways, including from the placenta as well as from adults. So research is possible without the destruction of other life.

On the other hand, stem cell research shows much promise, but no concrete results. Some scientists also dispute what diseases might be cured by new discoveries. The research is still in its early stages. The question for our country is whether we should invest a lot of money in research now, looking for cures that will probably remain out of reach for most people, or should we invest that

money in other programs with more immediate benefits, especially those that stress prevention and education. It is indeed a complex issue that requires close scrutiny and investigation before we jump to inaccurate conclusions or make decisions based on good, but misinformed, intentions.

When you are choosing what to do, the Holy Spirit will help you make a good decision. If you are tempted to do wrong, the Holy Spirit will make you stronger, more powerful, and wiser than you could ever imagine. The Spirit will get you out of a bad situation. With help, you will say, "No," to evil ways and "Yes," to the will of God, your heavenly Father.

PRAYER

Holy Spirit, teach me right from wrong. Help me find the true pathway to heaven.
