**9:30 A.M.-12:30 P.M.**

**Pray for Dobbs**

What happens if the decision in the *Dobbs vs. Jackson Women's Health Organization* case leads to overturning *Roe v. Wade*? The issue of abortion would then return to the states. If that happens, some states have laws in place now to immediately protect life. Other states, like New York, have laws in place that enshrine legalized abortion up to the moment of birth. It will take the collective conscience of a nation to reimagine a culture where ALL life is embraced and welcomed.

*"More doors are opened with "please" than with keys."  
Church Signs*

**CULTURE OF LIFE MINISTRY**

**Hope After Abortion**

There is hope after abortion for all who have been involved in any way. The Catholic Church wraps her arms around all of her children, offering the grace of forgiveness through the Sacrament of Reconciliation, and the supernatural strength and sustenance that our souls needs through the Eucharist and prayer. Our God is a merciful God of second chances.

There are a number of programs that reach out to those affected by abortion. Two in particular are Project Rachel, sponsored by Catholic Charities, and Rachel's Vineyard, sponsored by Priests for Life. All those who have been directly or indirectly involved in an abortion can be forgiven by going to confession. In most dioceses in the U.S. not only does the priest have the power to forgive the sin, but he has the delegated ability to lift any canonical penalties such as excommunication. The very mention of the word "excommunication" can frighten people, but it shows how committed the Church is to upholding the dignity and sacredness of life. Only a person who is aware of the canonical penalty incurs it, and only if the person is 18 years or older and fully aware of what they are doing. (U.S. Conference of Catholic Bishops)

**Task Force**

The U.S. Department of Health and Human Services (HHS) launched a Reproductive Healthcare Access Task Force in mid-January. It is designed to "protect and bolster reproductive health, rights, and justice," but it tragically includes expanding abortion access. (Live Action)

**40 Days for Life Spring Campai**

“Be sure that you first preach by the way you live. If you do not, people will notice that you say one thing, but live otherwise, and your words will bring only cynical laughter and a derisive shake of the head.”

## The Lighter Side:

### Call Ahead

One Sunday our priest announced he was passing out miniature crosses made of palm leaves. "Put this cross in the room where your family argues most," he advised. "When you look at it, the cross will remind you that God is watching."

As I was leaving church, the woman in front of me walked up to the priest, shook his hand, and said, "I'll take five."

One of the greatest temptations human beings face is leaving the truth of who they are, where they came from and who created them in pursuit of more personal satisfactions. When we consider all that desires our attention in a given day, there are many lures that attract us to illusions about ourselves. We can easily find ourselves distracted or tired, preoccupied with preserving our status in life, social relationships, current trends, and corporate demands, and intrigued by pursuing what we perceive to be the "path of least resistance." The daily concerns of life can quickly take our eyes off of our truth, making the empty promises of worldly accomplishments and ideologies seem so attractive. What is at risk in giving into this temptation?

We cease giving thanks to and worshipping our Creator as we pursue our own self-sufficiency, power, and prestige. We replace the true God with a "pet" one. While many do not totally dismiss the idea of God and pretend to remain at least remotely connected, they do not invest themselves heart, mind, and soul in the relationship either. That is why we are so easily swayed. If something attractive comes along, we lunge for it. After all, having a position above and over everyone else is a good thing, isn't it? In more honest moments, many have to admit that they believe this to be true. The Evil One is very convincing. But he can only gain control if we allow him to.

About temptation, St. Basil remarks, "As the pilot of a vessel is tried in the storm, as the wrestler is tried in the ring, the soldier in the battle and the hero in adversity, so is the Christian tried in temptation." And here is found the reason for Lent. It is a wonderful opportunity to get a handle on the attractive lures of illusion that easily captivate us and bring us off track. It is also a time for some honest reflection rooted in prayer, fasting, and selfless giving that can bring us to temptation's remedy: love. Love of his Father gave Jesus resistance. It can do the same for us.
