Guidance on Covid Protocols From The Diocese of Manchester

As COVID-19 cases continue to rise and as we approach the Christmas season, it is a good time to revisit the guidance in place in the Diocese of Manchester. The most pressing question seems to be that of wearing or not wearing a mask while in church. The wearing or not wearing of a mask is at the option of an individual, but no one should be shamed or admonished for either decision. In making this decision, those who have not been vaccinated must be mindful of the need to take appropriate alternative safeguards for the care of self and others, as recommended by the Congregation for the Doctrine of Faith and public health authorities.
