## BAPTISM OF THE LORD

Dear Friends,

Happy New Year!! For some time now, the term "woke" has been circulating in our modern language and culture. It means that a person is 'alert to injustice in society, especially racism.' In spite of this strict definition and its claims to equality, the woke ideology is the rule by a very small number of people who have the superior knowledge, intelligence, and virtue needed to define which opinions are correct and which are just wrong. Inequality is the number one evil among the 'woke' population and this defines that which is good vs. evil. It is often aggressive and intolerant, not based on logic and very often little to do with improving people's lives. It is an utterly self-righteous ideology and we, as Catholics, ought to be very skeptical of this and its application in our society. This is not really about moral issues and concerns in regards to inequality and racism, rather the woke ideology is more about control. It is about erasing history, destroying historical institutions - such as the Church - in order to further advance this agenda. This is about advancing the secular and stamping out religion. History has already seen and experienced this type of phenomena - remember communism? The ideologies of Karl Marx seem to be re-emerging in our own time.

How does a Catholic respond to the 'woke' culture? Let's remember that Catholicism - Christianity - is not an ideology, it is relational. The invisible God made Himself known, seen, and heard in the Person of Jesus Christ. We meet Him, we encounter Him in and through the Sacraments of the Church - in particular the Holy Eucharist - as well through our prayers, devotions, and acts of charity. We meet Him in others, who come from all walks of life, who live in various conditions, are of different races and gender ... In such a way, we are able to actually help others, lead them to an encounter with God and perhaps even influence our own view of the world. Christianity is a religion of being ... it is a message of freedom, hope and meaning in people's lives. It is real because it opens our hearts and minds to that which is absolutely right, true and good ... it accounts for human sin and offers a means of redemption and forgiveness.

Friends, this is no time to be mediocre, it is not the time to give in to those who think they know better - who would like to back us into a corner and force-feed us the new "religion" of our time. Now is the time to awaken to faith... to be vigilant for the things of God and be a light for others to see the Truth, Goodness and Beauty of our God that comes not through ideologies that make no sense but rather through love - of God and neighbor.

God Bless,  
Fr. Jon

### BAPTISM OF THE LORD

“After the happiness of communicating: Rise modestly, return to your place, kneel down, and do not immediately take up your book or rosary. What good are the words of men when God is speaking? We must be like someone who is very curious and listens at the door. We must listen to all that the good God says at the door of our hearts.”

## GOSPEL MEDITATION ENCOURAGE DEEPER UNDERSTANDING OF SCRIPTURE

January 9, 2022  
The Baptism of the Lord  
"We are called to live our baptism every day, as new creatures, clothed in Christ." — Pope Francis

What reference point do you use when making decisions? Many times, impulse takes control and decisions are made based solely on emotion and desire. We all know that these types of decisions can often get us into trouble. When a person has a confident sense of who they are and a real understanding of what is important and of value, the likelihood of kneejerk impulsive choices diminishes. Baptism gives us what we need to make well informed and purposeful decisions. By this simple gesture, God claims us as His own and provides us with the identity and purpose we need to properly live life.

It is tremendously reassuring, when we truly embrace this revelation and realize that we no longer have to wonder about the purpose of our lives or struggle to find our way. The answer of who we are in God has been given to us. We no longer have to fumble around, trip over ourselves or walk aimlessly about. Issues surrounding the sacredness of life, the meaning of death, the protection of those most vulnerable, care for the weak and the poor, offering hospitality to those in search of a home, the purpose and proper place of work, how to create a just social order, caring for creation, and understanding our roles as heralds and stewards are just a few of the wonderful gifts baptism brings. When we make decisions based on things such as these core Gospel truths we really act as Christ himself, revealing to others the new creations that we are. This is how we live our baptism.

It is difficult to walk against the tide. Yet, that is precisely what baptism calls us to do. Although we are sinners, in need of mercy and far from perfection we are called to order our life and make decisions based upon the wisdom and guidance of Almighty God. He alone is the one who can claim us as His sons and daughters. Standing up for our principles will not make us popular. But who ever said Christianity is a popularity contest? Baptism calls us to stand up for that which goes against the grain of secularism. Standing in line with other sinners, we have our anchor to steady us in the tempests of life and God is very pleased. Forge ahead. There is nothing to fear.
