the 9am Mass

### **Saint Edward Parish Center Progress Report**

After many months of discussions, planning and negotiations, and oh yes, much prayer, the transition from the St. Edward School to the St. Edward Parish Center has finally started and we are very anxious to see the results.

This past week the “window wall” on the front of the building has been removed and the plywood sheeting installed over 6 inch steel wall studs. This allows for 6 inches of insulation to greatly improve the efficiency of the building which is not currently in the building. 18 standard size double hung windows will be installed soon. The same

procedure will apply to the rear of the building. In the near future, a new heat and air conditioning system will be installed; more about that in follow up reports.
