As we put together our calendar for the year ahead we are thinking of incorporating some new events in an effort to build community among not only our council but the parish as well. We've thought of some new events and would like your input on them as well as the events that we have been running in the past. ### **PARISH CENTER UPDATE:**

We had another successful week working toward transforming the "old school" into the Saint Edward Parish Center.

It doesn't look like the same building--sharp and crisp looking, also looks much bigger!!

**MOST IMPORTANT**, the Bishop has given his approval for us to be able to go forward and complete the ENTIRE project. Apparently he believes that this is a good investment for our parish and the dioceses, as do we, who have been pursuing Father Peter's dream for the past 2 years.

The exterior of the building is very much complete with one small item that we hopefully will be able to discuss next week.

The heat and air conditioning equipment is being installed over the next 3 weeks with much effort by the contractor to minimize any electrical/ drain lines on the outside of the building so as to present a clean look to the building.

Installation of the electrical components to operate the equipment will follow.

Appearance wise, the exterior is very much what it will be. The next visible change will be on the interior--more about that later as we proceed.

Our target to have the building ready for use by fall still looks good.

More info next week about the finances of the project.
