FROM THE PASTOR'S DESK

Dear Parishioners,

By the time you read this I will be somewhere in the Middle East. I wanted to inform you that our neighbors to the south, Fr Brian Lewis and Fr Jones Kukatla (from St Jude's) will be assisting our Parish as Parish Administrators during my deployment. The Bishop has assigned Fr Lewis as the Parish Administrator from January 3 through February 18 and Fr Jones from February 19 through the length of my deployment. Fr Jones will be moving into our rectory in February and will be ministering solely at St John's and St Bernadette's starting on Sunday February 19.

I am extremely grateful to Fr Lewis and Fr Jones for their priestly fraternity and apostolic zeal. In addition, I am grateful to Fr Johnny, our Associate Pastor for his ministry and pastoral care that he provides to our parishioners.

During my deployment, you will see from time to time visiting clergy, Fr Mathesius, Fr Brown (retired priests of the Diocese) and Fr Jesus Navarrete (from Dover AFB) celebrating Mass. In advance, I thank you for extending to them your welcoming hospitality.

The role of a Parish Administrator is to celebrate the Sacraments and to provide pastoral care to parishioners. At the recommendation of the Finance Council, no major changes, nor projects (outside of anything that needs immediate attention) will be done until I return.

The 5pm Mass this past Saturday (Jan 1) was my last Mass until I return. It was very difficult saying goodbye to everyone. I can relate with you parents when you have to leave your families and children for a period of time and how difficult and strenuous that is. As your Pastor, I am so blessed to have you as my parish family.

Please continue to pray for our military personnel whom I have the privilege of celebrating the Sacraments with and most definitely be assured of my daily prayers for you.

Sincerely, yours in Christ

Rev. Anthony Giamello
Pastor

If you would like my mailing address while on deployment, please see Vivian our parish secretary and she will pass it along. I only ask for security reasons that you keep it to yourself to protect the location of our deployed men and women. Also, that you would not share it with anyone. Thank you.

GIVING TREE THANK YOU

Thank you to everyone who donated gift cards and/or money to help us make Christmas a bit brighter for 90 plus children. You continue to surpass our expectations allowing us to cancel our request from "Bless our Children", since it was not needed this year. Not only were we able to give more to each family this year, but we also partnered with SVDP and the Knights to help a homeless mother and her young son with some needed essentials while they were awaiting assistance from the state. Plus, we contributed money toward the purchase of small gifts for 30 children attending the Hispanic Celebration of Las Posadas.

NURSING HOME STOCKINGS:

Once again, this year a group of ladies put together 22 stockings filled with goodies and delivered them to our parishioners in three different nursing homes. I would like to thank Stephanie McDonough, Donna Bailey, Peggy DeMartin and Vivian Alvarado for making sure these parishioners are not forgotten.

Thank you again for your continued support of our efforts and hope you have a Blessed and Happy New

St. Bernadette's

The Ladies Auxiliary of St. Bernadette's is open to welcoming new members to our group. We meet on the third Monday of the month at 1:00pm in St. Bernadette's Hall. Along with our mission to support St. Bernadette's Knights of Columbus (you do not have to be married to a Knight to join), the Auxiliary is involved in several activities throughout the year. "I Have Hope Again."

Local resident, Carl P. had been experiencing the painful effects of Peripheral Neuropathy, "my feet and legs were extremely painful and my doctor told me there was nothing they could do. That I would have to take Gabapentin for the rest of my life." Then he went to see acupuncturist, Ashley Adams.

Peripheral Neuropathy is the pain, discomfort and numbness caused by nerve damage of the peripheral nervous system. Carl explained that daily tasks like opening doors and using the bathroom were overwhelmingly painful. "How can you live for the next 20 years when you don't even want to get out of bed to do simple things?"

He was experiencing the burning, numbness, tingling and sharp pains that those suffering with neuropathy often describe. "The way that I would describe it, it's equivalent to walking on glass." Carl hadn't worn socks in five years and was wearing shoes two sizes too big so that nothing would 'touch' his feet.

Unfortunately Carl's story is all too familiar for the over 3 million people in the U.S. suffering from Peripheral Neuropathy.

If you are unfortunate enough to be facing the same disheartening prognosis, you're not sleeping at night because of the burning in your feet, you have difficulty walking, shopping or doing any activity for more than 30 minutes because of the pain.

You're struggling with balance and living in fear that you might fall. Your doctor told you to "just live with the pain" and you're taking medications that aren't working or have uncomfortable side effects. Know that there are options.

Fortunately, three months ago, Carl read an article about DelMarVa Acupuncture and the work being done to treat those suffering from Peripheral Neuropathy without invasive surgeries or medications. He can now share how significantly his life has been changed!

"Now when I go to bed at night I don't have those shooting pains. I don't have that burning sensation. I don't have pain coming up my legs," Carl enthusiastically describes life after receiving treatments. "I can comfortably wear socks and shoes and I can enjoy golfing again!"

Ashley Adams, founder of DelMarVa Acupuncture & Wellness Center, is using the time tested science of Acupuncture combined with technology originally developed by NASA that assists in increasing blood flow and expediting recovery and healing to treat this debilitating disease.

DelMarVa Acupuncture uses the most cutting edge and innovative integrative medicine. Specializing in chronic pain cases, specifically those that have been deemed 'hopeless' or 'untreatable', she consistently generates unparalleled results. What was once a missing link in senior healthcare is now easily accessible to the residents of Milford.

If you've missed too many tee times because of pain or you've passed on dancing along to songs of your youth because you're afraid of falling, it's time to give yourself a new opportunity.

It's time you let your golden years, BE GOLDEN!
