Who Can Receive Anointing of the Sick

The Anointing of the Sick is a Sacrament that is given by a priest for the benefit of a person who is ill, frail from age, or about to have major surgery. It's purpose is not to be used solely for a person whose death is imminent. The core message of this sacrament is that Jesus who touches the sick to heal them from sin-and sometimes even from a physical ailment. The Sacrament is administered to give strength and comfort to the ill and to mystically unite their suffering with that of Christ during his Passion and death.

Saint Cecilia | November 22 Cecilia was born to a wealthy and

prominent Roman family. Though she had consecrated her virginity to the Lord, she was married to a man named

Valerian. It is said that she was "singing in her heart to the Lord" at her wedding. She confessed her promise of virginity to her new

husband revealing that an angel protected her. Valerian would honor her vow only if he, too, could see the angel. Cecilia told him he would see the angel if he was baptized, which he went to do immediately.

When he returned to her, he saw the angel beside her. Cecilia also converted Valerian's brother, Tiburtius. Unfortunately, it was a turbulent time in Rome for Christians. Valerian and Tiburtius were martyred for burying the bodies of Christians, which was illegal. Cecilia was also targeted for her faith.

First authorities attempted to suffocate her locking her in the bath in her home and overheating the room. Some accounts say that she didn't break a sweat and even began to sing. They then sent in an executioner to behead her, but he faltered and was

unable to complete his task, only succeeding in mortally wounding her. She remained alive for three days before she died. The saint's body was exhumed twice, first by Pope Paschal I in 821, then by Cardinal Sfondrato in 1599. Both times her body was found incorrupt, the first saint to exhibit this extremity. St. Cecilia is the patron saint of music and musicians.
