## Health & Wellness Corner

### Do you have Sleep Apnea?

- Do you snore or wake up gasping for breath during the night or feel sleep deprived?
- Do you wake up tired or with a headache which dissipates as the day goes on?
- Are you more irritable, fatigued, depressed, have dry mouth or throat, or unexplained weight gain?
- Does your significant other complain that you keep them awake?

If you have any of these symptoms, you may have increased risk for heart disease, dementia, COPD and other chronic diseases.

There are over 30 million people in the United States who have sleep apnea, but only 6 million are diagnosed.

You may be a candidate for a sleep study. Most importantly, if you are diagnosed with sleep apnea, treatment can improve your sleep quality and decrease your risks.

### Things to give up for Lent that's not Chocolate...

1. Fear: God is on my side. In Him I am more than a conqueror.
2. Need to please: I can't please everyone.
3. Envy: I am blessed. My value is not in possessions, it's in my relationship with God.
4. Impatience: God's timing is the perfect timing
5. Sense of Entitlement: The world does not owe me anything. God does not owe me anything.
6. Bitterness & Resentment: The only person that I am hurting is myself.

### Lenten Tradition of Fast and Abstinence

Catholics, between the ages of 18 - 59, have held the tradition of fasting on Ash Wednesday & Good Friday. Fasting means one meatless meal and two smaller meals. Abstaining from meat on all Fridays during Lent is also a Lenten practice for those ages 14 and over.
