AUGUST

St. Pius X (1835 – 1914), born Giuseppe Melchiorre Sarto, was from the Austrian Empire in what is now modern-day Veneto, Italy. He was the 257th Pope and served from 1903 until his death in

1914. St. Pius X's love for the Eucharist was evident from a young age and he carried this devotion throughout his life. As Pope, he emphasized the importance of fostering a personal relationship with Jesus through the Sacrament, advocating for its accessibility to all Catholics, regardless of social status. One of St. Pius X's most significant contributions to the Church was the role he played in lowering the age of eligibility for First Communion. Recognizing the significance of early spiritual formation, he sought to enable children to receive the Eucharist as soon as they reached seven years old. He believed that children could experience the profound graces of the Eucharist, grow in their faith at an early age, and that the reception of Holy Communion regularly in a child's life would set the foundation for a lifetime of spiritual growth. His commitment to preserving the traditional scope of Catholicism, especially the teachings of Christ's true presence in the Eucharist, earned him the epithet "Pope of the Eucharist."

Despite his rejection of modernism, St. Pius X was the first Pope to use a typewriter for his encyclicals, signaling an embrace of modern technology during his time as Pope.

St. Pius X, Pope of the Eucharist, pray for us!
