United in faith and guided by the Holy Spirit.

St. Joachim Church nominated 6 of our high school students that are leaders here, to attend the Oakland diocese Youth Leadership Summit. 160 students were nominated from throughout the Diocese. All six of ours were selected to be part of the 78 that attended. We are so proud of these young people who grew in their faith, learned new leadership skills, played some fun new games, met new friends and grew closer to God. They came back

energized to help us all become a stronger faith community. They are part of our Core team.

Thursday
at 7:00
PM in
the church.
All are
invited
to come
pray

together.

The Rosary is led by the
Knights of Columbus.

Live the Liturgy

Inspiration of the Week

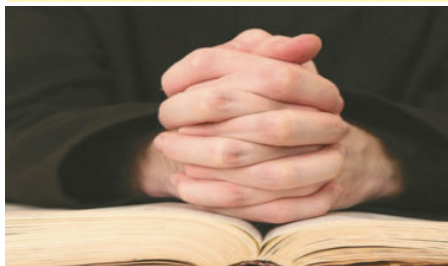

In life, there are so many “Marthas” — people and situations that distract us from God. But if we imitate Mary and sit calmly at the feet of Jesus, his Word will guard our hearts from the anxiety of the world.

Feast Day of

St. Joachim

July 26, 2025

Celebrate our Feast Day by attending the 8:30 morning mass, then pack up your dish to share, your sunglasses and your chair and join your fellow parishioners at our Parish Picnic at Kennedy Park. We will have some Great food, fun games for all ages planned by our Core team. It has been five years since we have had the picnic — it is time to get together and visit, have fun with the games and enjoy the shared food — DO NOT MISS THIS FUN EVENT !!

VATICAN CORNER

On July 3, 2025 at a private meeting at the Pontifical Villas in Castel Gandolfo, Pope Leo XIV was presented with a donation of two custom-built compact, eco-friendly electric vehicles to help him during his apostolic trips abroad. The vehicles are designed to be very maneuverable in tight spaces with lots of people, such as squares, shrines or urban centers. The vehicles were developed by the Danish company Garia (part of the Club Car Group) with Italian distributor Exelentia, and are designed to travel in planes on long-haul flights without the vehicle needing to be taken apart. ITA Airways on which Pope's travel on many of their trips, helped with the technical and dimensional requirements. The Vatican Gendarmerie Corps which provides security teams on international visits were also part of the development team. A press release said the vehicle used a combination of innovative engineering, high-level mechanical and electronic manufacturing, and expert craftsmanship to produce a fully electric vehicle with maximum efficiency, agility and security, that emits no noise or pollutants. A front handle and lateral supports under the armrests offer the Pope secure grips and improved comfort when boarding and exiting the vehicle. Mercedes-Benz gave Pope Francis a new electric popemobile in December 2024, on the occasion of the 2025 Jubilee. It was a one-of-a kind vehicle tailored specifically for Francis' needs. The previous popemobile was a gasoline-powered G-Class Mercedes which he used for his weekly General Audiences, riding up and down the aisles between the people in St. Peter's Square. A team of specialist from different Mercedes locations worked for almost a year with representatives from the Vatican to build a car to fit the Pope's needs. One of the main priorities was zero emissions, as the Vatican plans to convert all its vehicles to emission-free by 2030 – the same goal that Mercedes has. The new electric car has a rotating seat, handcrafted interior furnishings and all-wheel drive, designed for low speed trips through St. Peter's Square. It also has a retractable roof to protect the Pope from the elements. In 2017 Lamborghini gave the Pope a \$950,000 Huracán supercar. He didn't drive it, but blessed and signed it before auctioning it off for charity. A number of charitable causes personally chosen by the Pope were given a portion of the auction's proceeds. Car manufacturers sometimes give vehicles to the Vatican or the Pope for various reasons. They may be trying to promote their technological advancements, and it is an opportunity for companies to showcase their commitment to sustainable mobility and highlight the features of their models. Donating cars for Mercedes-Benz is a symbolic gestures and a continuation of a tradition acknowledging their close relationship with the Vatican. Gifting cars to the Vatican is also done to support charitable endeavors. Often cars are given as gifts knowing that they will probably be auctioned off to raise money for charitable purposes. But possibly the biggest reason for giving cars to the Vatican is the tremendous amount of free advertising.

"A good advertisement is one which sells the product without drawing attention to itself."
