THE ISSUE OF WATER

Other indicators of the present situation have to do with the depletion of natural resources. We all know that it is not possible to sustain the present level of consumption in developed countries and wealthier sectors of society, where the habit of wasting and discarding has reached unprecedented levels. The exploitation of the planet has already exceeded acceptable limits and we still have not solved the problem of poverty.

MINISTRY SPOTLIGHT

Religious Education at Risen Christ Catholic Community thrived during and despite the pandemic. Thanks to the leadership and perseverance of the Director of Religious Education and the core team of volunteers, Risen Christ youth were able to build a strong community, and learn more about their Catholic faith through a combination of ZOOM and face to face instruction. *As St. Paul insisted in his Second Letter to Timothy, "The Word of the Lord can never be imprisoned"*. Families are encouraged to engage in the Religious Education ministry and its programs at Risen Christ.

THE PASCHAL CANDLE

The paschal candle stand is an open grill-work structure similar to the grill work at the altar, ambo, tabernacle and ambry. A figure of Mary Magdalene is carefully integrated in the frame-work. She is depicted in motion, as though bursting out of the confining bonds of death.

As the first to proclaim the news of resurrection, the Magdalene figure captures a feeling of joy and determination as she races to announce the good news.
