Recreation Programs

YOUTH SPORTS

1ST GRADE COED & 3RD/4TH GRADE GIRLS BASKETBALL

We have had the opportunity to host 1st grade coed and 3rd/4th grade girls basketball. It has been fun to see the kids learn the basics of basketball and see their coordination building. Their practice and growth in this sport has really shown over the season. Our referees had no prior refereeing experience. Their attitudes and willingness to learn have been great and their progress has shown through their hard work throughout the season. We are grateful to everyone who participated in these programs and for the fun it provided to the participants.

AFTER SCHOOL SPOTLIGHT

Bodhi Stone is 7 years old and is in second grade at Riverdale Elementary School. His favorite food is pizza, and his greatest talent is playing football. If a genie gave him three wishes he would wish for a motor bike, a football, and to be the best jump-roper in the world. If he could have one super-power, he would like to have unlimited speed. If he could travel anywhere in the world he would like to go to Florida. In the After School Program this year he would like to learn how to play basketball better. He is a great teammate in class and is always having fun.

Bridger Redd is 7 years old and is in second grade at Riverdale Elementary School. His favorite food is pizza, and his greatest talent is playing football. If a genie gave him three wishes he would wish for a PS5, to be able to teleport anytime he wanted to, and a Lamborghini. If he could have one super-power, he would like to be able to be invisible. If he could travel anywhere in the world, he would like to go to the Ice Caves. In the After School Program this year he would like to learn how to play football better. He is very helpful in class and always tries his best no matter what activity we are doing.

Cameron Blair is 12 years old and is in sixth grade at Riverdale Elementary School. His favorite food is mac and cheese, and his greatest talent is going to school. If a genie gave him three wishes he would wish for a lot of money, big muscles, and to be taller. If he could have one super-power he would like to have SPEED. If he could travel anywhere in the world he would like to go ALL OVER THE WORLD. In the After School Program this year, he would like to learn how to play dodgeball better. He is very curious in class and always asking questions to make sure he understands the rules of each game we play.
