GOSPEL MEDITATION

Encourage Deeper Understanding of Scripture

Families can be very difficult things to negotiate. This is true not only of our families of origin, the current family of which we are a part, the family of our Church, our society, and our global family as well. Everything human can be found in family stories. Those stories speak of wonderful life-giving successes as well as painful spirit-robbing abuses. Our greatest joys and our greatest wounds are usually connected with the experience of family. Our needs, experiences, and unresolved baggage often color what we bring to our familiar relationships. They contribute to our level of defensiveness, how guarded and protected we become, and what prejudices we believe.

In order to break the cycle of dysfunction we have to remember that it is not only by human effort that we negotiate the difficult and challenging events of our lives. There is a Divine Effort at work as well. For sure, the human effort can create quite a mess and easily destroy lives. This is true of any family with which we are associated. Today's Feast of the Holy Family serves to help us understand that there is a Divine Story being told as well. It is a story of perseverance in the face of hardship, determination in the face of despair, healing when we see nothing but wounds, and light where there is darkness.

Do we believe that God is always working, guiding, restoring, and leading? Unless we do, we will never be free from the imperfections and wounds that bind us and never be able to understand what it really means to forgive. Pope Francis tells us that the "light which comes from the Holy Family encourages us to offer human warmth to other families." While this is most certainly true, we can only really begin to do this when we realize that we are still works in progress, not anchored to the wounds and sins of our past, and still a leading star in God's continually unfolding story of love. The Holy Family persevered and radiated warmth because they knew they were not alone. We can too.

WORLD DAY OF PEACE (JAN 1)

Each year on January 1, the Holy Father marks the World Day of Peace with a special message inviting all people to reflect on the important work of building peace. This year's message is entitled, "Education, work and dialogue between generations: tools for building lasting peace".

From the three identified contexts, the following questions arise:

1. Does work in the world respond, more or less, to the vital need of humans for justice and freedom?
2. Are the generations truly in solidarity with each other?
3. Do they believe in the future?
4. Do governments succeed in setting a horizon of peace in this context?

FRANCIS' PRAYER FOR PEACE

Lord God of peace, hear our prayer! We have tried so many times and over so many years to resolve our conflicts by our own powers and by the force of our arms. How many moments of hostility and darkness have we experienced; how much blood has been shed; how many lives have been shattered; how many hopes have been buried . . . Now, Lord, come to our aid! Grant us peace, teach us peace; guide our steps in the way of peace. Open our eyes and our hearts and give us the courage to say: "Never again war!" . . . Instill in our hearts the courage to take concrete steps to achieve peace. Keep alive within us the flame of hope, so that with patience and perseverance we may opt for dialogue and reconciliation. In this way may peace triumph at last, and may the words "division", "hatred" and "war" be banished from the heart of every man and woman. . . Renew our hearts and minds, so that the word which always brings us together will be "brother", and our way of life will always be that of: Shalom, Peace, Salaam! Amen.

- *Mission*

Our Holy Father Pope Francis has invited the Catholic Church to embark on a journey together. Through listening and discernment rooted in the Holy Spirit, the entire people of God will be called to contribute to a process by which the Church deepens in understanding of Her mission and looks toward the future.

...a Synod is a journey of discernment, in which the people of God are called to pray and reflect upon the Holy Spirit's will for the Church. Through our listening and our sharing, we will seek to understand what the Holy Spirit's will is for the topic being discussed – and thus, for the Church.

Simply put, synodality is discerning how the Spirit is moving through and with the Body of Christ, so that we may continue to fulfill our mission to evangelize in the world.

LIVE THE LITURGY

INSPIRATION FOR THE WEEK

It was the best of times and it was the worst of times. Our families can bring out the best and the worst in us. This is true of our families of origin, the current family of which we are a part, the family of our church, our society, and the like. In all of our family experiences, what stands out as our most challenging memory? Everything human can be found on the pages of family life. But there is also a Divine story to be discovered as well. When life gets difficult and perplexing, today's Feast of the Holy Family stands to remind us that it is not just by human effort that we tread treacherous waters. We have to remember and learn from the Divine effort too. We need this perspective if our love lessons are going to be learned completely and well. We are all works in progress and we all come from homes that are broken by imperfection. In whatever life brings us and in whatever family we find ourselves, may the promptings we feel toward faith and hope lead us to greater love.

"GOD IS LOVE.
WHOEVER LIVES IN LOVE LIVES IN GOD AND GOD IN HIM."
