RELINQUISH
THE SCIENCE FAIR!

5TH GRADE’S SCIENCE FAIR PROJECTS AT A GLANCE
Second graders researched the amount of rainfall Bremerton has had in the month of February in past years. The class made a hypothesis of how much precipitation we would have this February.

Students set a rain gauge outside their classroom door and have been measuring, by millimeters, the amount of rainfall each school day.
Do you wonder how we can pray and work for justice in the hope of ending the sin of racism in the United States (CCC1935)? Listening to how others have experienced social structures of racism in their lives is a good beginning, so all are invited to an evening of listening and discussion about racial injustice in the U.S.

**Saturday, March 20th @ 6:30-8:00pm** in Camerman Hall.
Light snacks and refreshment will be provided.

For more information, contact Gabriel Crawford: gabriellmcrawford@gmail.com
