Confession: Wed at 5pm, Sat at 10am and 3pm

### The Annunciation of the Lord—March 25

*Holy Spirit, you spoke to Mary through an angel to invite her to participate in the plan of salvation. Though she questioned how it was possible for her to become the mother of the Messiah, and she knew she faced question from Joseph and others, she gave You her yes. With the help of her prayers, I want to become full willing to say yes to my part in giving Christ to the world. Encourage me when I don't understand what You're asking. Bless me with the grace of hearing thee call and courage to trust in Your plan. Let it be done unto me according to Your will. Holy Mary, Mother of God, pray for me. Amen.*

## FACULTY—TRAINING FROM I.C.L.E.

INSTITUTE FOR  
CATHOLIC LIBERAL  
EDUCATION

Our faculty recently participated in two full days of professional development guided by the **Institute for Catholic Liberal Education**. With sincere gratitude to Dr. Merrill Roberts, who led our instruction, I am confident (on behalf of my staff) in stating that our time was well spent focusing on in-class practices that best serve your children.

The training focused heavily on the benefits of teaching mimetically. Mimetic instruction guides students through the natural process of imitating an idea. We are mimetic creatures who learn by imitation. As an example, a good baseball coach teaches batting stance by modeling one to the player. Likewise, instead of talking about art, students should be given the opportunity to contemplate beautiful works and produce their own imitations. The same occurs within literature, science, and all disciplines. Additionally, the training emphasized preserving wonder, encouraging active inquiry, and fostering students' ability to discover truths versus just being fed facts.

Dr. Roberts presently serves as science chair and middle school teacher at St. Jerome's Academy in Maryland and also travels around the country assisting schools in adopting the Catholic liberal education philosophy. OLSOS emulates St. Jerome's classical model due to its proven success over the last eleven years.
