CHALLENGE

16th SUNDAY IN ORDINARY TIME – YEAR A
Gospel – Matthew 13:24-43

Theme: "God's Patience and Mercy"

Focus: "Growth of God's Kingdom"

"Let them grow together until harvest."

Small acts of goodness and faith matter. God is patient with us, and He invites us to be patient with ourselves and others. His kingdom is growing, even when we cannot see it. By trusting in His plan and living our faith in small ways, we take part in His work.

Prayer: Lord, thank you for Your patience and kindness. Help me to trust in Your timing and to see the small ways You are working in my life. Give me the strength to choose what is good and to grow in faith each day. May I bring love and kindness to those around me. Amen.

Reflection: How have you experienced God's patience in your own life?

A note from:
The Archdiocese of Los Angeles

SAFEGUARD THE CHILDREN DID YOU KNOW?

What is Generative Artificial Intelligence?

Generative Artificial Intelligence is technology that allows a user to create new or alter existing images, videos, or text, based on user prompts or requests. It can be misused to create AI-generated child sexual abuse material, including sexually explicit or exploitative images that depict real children. According to the National Center for Missing and Exploited Children, this technology is being used to exploit children, particularly in the creation of GAI Child Sexual Abuse Material, often generated from images that have already been posted or shared online. In many cases, the offenders were people who knew the child victims well. For more information, visit:

<https://www.missingkids.org/theissues/generative-ai>.

Una nota de:
La Arquidiócesis de Los Angeles

PROTEGIENDO A LOS NIÑOS ¿SABE USTED?

¿Qué es la Inteligencia Artificial Generativa?

La Inteligencia Artificial Generativa (IAG) es una tecnología que permite al usuario crear o modificar imágenes, videos o textos nuevos, a partir de indicaciones o peticiones del usuario. Se puede utilizar indebidamente para crear material de abuso sexual infantil generado por IA, incluidas imágenes sexualmente explícitas o de explotación en las que aparecen niños reales. Según el Centro Nacional para Niños Desaparecidos y Explotados, esta tecnología se está utilizando para explotar a los niños, especialmente en la creación de material de abuso sexual infantil generado por IAG, que son creadas a partir de imágenes que ya se han publicado o compartido en el Internet. Para obtener más información visita:

<https://www.missingkids.org/theissues/generative-ai>.
