January 23, 2022
Third Sunday In Ordinary Time

Praised be Jesus Christ!

As many parishioners know, when I arrived in June the Cathedral Community was still in the midst of a Capital Campaign that had begun several years ago to address important repair and maintenance needs in all of the buildings on our campus, as well as upgrades to some of our systems. The campaign is still collecting on pledges and I'm so grateful to those who have given already and those who are continuing to fulfill their pledge commitments!

Firstly, I want to assure all the givers that the original list of proposed projects remains the same. By no means has my arrival changed anything in that regard. Many projects were already completed before my arrival, made possible by campaign funds, and more planned repairs have continued behind the scenes since the summer.

To date, the Capital Campaign has collected over \$820,000 in donations, of which we have already spent almost \$800,000 on the listed projects. If current pledges are completed in full, the campaign would take in about another \$175,000 of additional money.

Here are just a few quick updates on the status of the campaign itself and some of the projects that we have completed in recent months:

New sound system: Just before I arrived, a new state of the art sound system was installed in the Cathedral, costing just over \$150,000. I can honestly say that I have almost never encountered a church audio system that is so distinct and clear (at least from my perspective at the ambo). I think it actually makes preaching in the Cathedral easier and more effective as the microphones pick up the full range of vocal expression.

Refinishing front doors: If you remember back over the summer, the original main church entrance on Flower City Park was blocked off with boards and plywood for quite a while as we completed the wood refinishing on those doors. I think it was well worth the wait as the restored doors look beautiful. That project cost \$16,900, resulting in the refinishing of six individual door panels.

Asbestos abatement in the Convent: Something much less visible, but still important, has been the ongoing abatement work in the basement of the convent building (under Joseph's Place). The cost so far has been \$18,446.

Roof repairs: Perhaps the most significant project in the last several months has been the roof repairs in nine areas of the membrane-style roof that is over the Cathedral offices and Narthex (not the roof on the Church itself). Again, this is less noticeable, but much need. The entire roofing repairs will cost \$143,335, of which we have already paid about \$60,000.

How many more items we will be able to accomplish will depend on how much remains in the Capital Campaign fund after the roof repairs are completely paid and the final pledges are fulfilled. One (relatively) small but necessary project will be to replace the flooring in the hallway between the Narthex and the main bathrooms. If you notice, it is badly damaged and discolored right now.

Thank you again to all who have made this campaign successful! The purpose of this article is simply to let you know the ongoing work that your contributions have made possible.

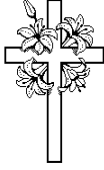

In the hearts of Jesus and Mary,

Fr. Van Lieshout

PRAY FOR OUR DECEASED

In your charity, please pray for Gertrude Olesinski and all of our deceased.

Eternal rest grant unto them O Lord, and let your perpetual light shine upon them.

Requested by — Michele & Jim Kelly

Sick, Infirm and Homebound

Because of HIPAA laws, the only way the Parish Staff learns of parishioners who are ill or infirmed is if the **parishioner, or a family member notifies the office.**

If you, or someone you know is ill, hospitalized or moved to a nursing facility or family member's home, please let the Cathedral Main Office know.

If you/they are unable to attend Mass, please contact the office to arrange to receive communion.

If a family member has gone to hospice care or needs healing prayers, the Sacrament of Anointing of the Sick can be administered by our priest. Please call the office, at 254-3221.

Most Rev. Salvatore R. Matano, Bishop of Rochester

Home Green Home

January brings cold weather and a winter wonderland. While everything may be cold, snowy and white outside, now is a good time of the year to focus on greening the inside of your home. Make it a resolution to continue simple habit changes throughout the New Year to make your “home sweet home” into a “home green home” in 2022.

Increase your energy efficiency by using a timer or a scheduler on your thermostat — set the temperature lower if you’ll be gone for four or more hours. The air is dry this time of year but by air drying your clothing, you can add moisture back into the air to help humidify your home and save energy. If you’re in the market for new appliances, look for ones with Energy Star certification.

Close the recycling loop and buy recycled. Post consumer recycled content items to look for in the grocery store include paper napkins, paper towels, toilet tissue, writing paper, greeting cards, envelopes, paperboard packaging (this includes cereal, cake and cracker boxes), paper bags, and containers made of recycled glass, aluminum and steel. Be sure to check the product’s “recycled content” information on its packaging when making your purchases.

Dispose of unused prescriptions safely. This will help keep New York’s water clean by not flushing prescription drugs. DEC offers information on safe household medical disposal in addition to a map to find a nearby site. <https://www.dec.ny.gov/chemical/67720.html>

Recycle used electronics properly — Not with your household recycling. Items such as keyboards, televisions, printers, game consoles, photocopiers, fax machines, etc. should be disposed of as e-waste at designated facilities. Read about the electronic equipment recycling at Ecopark — 10 Avion Drive, Rochester, NY 14624
